INTRODUCTION

Welcome

This document is your Certificate of Coverage. It has been written to help you understand your Group health coverage with Blue Cross and Blue Shield of Nebraska (BCBSNE), an independent licensee of the Blue Cross and Blue Shield Association.

This Certificate of Coverage is only a partial description of the benefits, exclusions, limitations, and other terms of the Master Group Contract to which it refers. It describes the more important parts of that document in a general way. It is not, and should not be considered a contract or any part of one. The Master Group Contract controls the coverage for your Group.

The Master Group Contract is made in and governed by the laws of the State of Nebraska. Please note that this Certificate of Coverage may not list all the benefits provided by the laws of your state if you do not reside in Nebraska. Please read this Certificate of Coverage carefully.

Please share the information found in this Certificate of Coverage with your Eligible Dependents. Additional copies of this document or your Schedule of Benefits and/or your Schedule of Benefits Summary are available from the BCBSNE Member Services Department.

How To Use This Document

For your convenience, defined terms are capitalized throughout this document. For an explanation of a defined term, refer to the Section titled "Definitions."

Please take some time to read this document and become familiar with it. We especially encourage you and your Eligible Dependents to review the benefit limitations by reading the Schedule of Benefits Summary and the Section titled "Benefit Descriptions." As you read this Certificate of Coverage you will find that many of the sections of the document are related to other sections of the document. You may not have all the information you need by reading just one section. If, after reading this Certificate of Coverage you have a question about your coverage or Claim, please contact BCBSNE Member Services Department.

About Your I.D. Card

BCBSNE will issue you an identification card (I.D. card). Your I.D. number is a unique alpha numeric combination.

Present your I.D. card to your health care provider when you receive Services. With your BCBSNE I.D. card, U.S. Hospitals and Physicians can identify your coverage and will usually submit their Claims for you.

If you want extra cards for covered family members or need to replace a lost card, please contact BCBSNE Member Services Department.

What's A Schedule Of Benefits?

Your Schedule of Benefits is a personalized document that provides you with a basic overview of your coverage. It also shows the membership option that applies to you.

We also provide a Schedule of Benefits Summary. For additional information which may be unique to your coverage, please refer to the Schedule of Benefits Summary.

THE PLAN AND HOW IT WORKS

Section 1

About The Plan

This Group health plan is a Preferred Provider Organization (PPO) health benefit plan, insured by Blue Cross and Blue Shield of Nebraska (BCBSNE).

NEtwork BLUE is a PPO (In-network) Provider network established by BCBSNE through contracts with a panel of Hospitals, Physicians and other health care providers who have agreed to furnish medical Services to you and your family in a manner that will help manage health care costs. These providers are referred to as "In-network" or "Preferred Providers."

Blue Cross and Blue Shield Plans in other states (On-site Plans) have also contracted with health care providers in their geographic areas who are referred to as "Preferred Providers."

Use of the network is voluntary, but you should be aware that when you choose to use providers who do not participate in the local plan's network for non-emergency situations, you can expect to pay more than your applicable Coinsurance, Copayment and/or Deductible amounts. After this health plan pays its required portion of the bill, Out-of-network Providers may bill you for any amount not paid. This balance billing does not happen when you use In-network or Preferred Providers because these providers have agreed to accept a discounted payment for Services with no additional billing to you other than your applicable Coinsurance, Copayment and Deductible amounts. In-network Providers will also file claims for you.

For help in locating In-network Providers, managing your personal health care benefits, as well as accessing various resources and tools, visit BCBSNE online at www.nebraskablue.com. You may also call Member Services using the toll-free number on your I.D. card or refer to the Important Telephone Numbers in the front of this book. If you would like a printed provider list, BCBSNE will furnish one without charge.

Using Your Benefits Wisely

BCBSNE wants you to get the most from your Group health coverage. You can save yourself a considerable amount of time and money by making efficient use of the health care system.

As you read this document, some "Good Care tips" for efficient health care will be highlighted in boxes just like this one.

How The Network Works

Using In-network Providers:

- Present I.D. card and pay Copayment (when applicable)
- Receive highest level of benefit
- Provider files claims for you
- Provider accepts insurance payment as payment in full (except Deductible, Copayment and/or Coinsurance amounts)
- No balance billing

Using Out-of-network Providers:

- You may be required to pay full cost at time of Service
- You may be reimbursed at a lower benefit level
- You may have to file claims
- You're responsible for amounts that exceed the Allowable Charge

Remember, if more than one Physician is involved in your care, it is important for you to check the status of each provider.

Exception

If you receive initial, short-term (48 hours or less) Inpatient or Outpatient care for an Emergency Medical Condition at an Out-of-network Hospital or by an Out-of-network Provider, benefits for Covered Services for the initial care will be provided at the In-network benefit level. Benefits for Inpatient Covered Services will continue to be paid at the In-network level, as long as they are for an Emergency Medical Condition.

To continue to receive the In-network level of benefits after the initial care has been provided, you must use an In-network Provider. In addition, any Covered Services provided by an Out-of-network Urgent Care Physician and/or other Out-of-network professional Provider will be paid at the In-network level when the corresponding facility charges are paid subject to the In-network benefit level.

NOTE: You will still be responsible for amounts in excess of the Allowable Charge when you receive Services from an Out-of-network Provider.

Be Informed

Out-of-network Providers' charges may be higher than the benefit amount allowed by this health plan. You may contact BCBSNE Member Services Department concerning allowable benefit amounts in Nebraska for specific procedures. Your request must specify the Service or procedure, including any Service or procedure code(s) or diagnosis-related group, and the provider's estimated charge.

Out-of-Area Services

BCBSNE has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as “Inter-Plan Programs.” Whenever You obtain healthcare Services outside of BCBSNE’s service area, the claims for these Services may be processed through one of these Inter-Plan Programs, which include the BlueCard® Program and may include negotiated National Account arrangements available between BCBSNE and other Blue Cross and Blue Shield Licensees.

Typically, when accessing care outside BCBSNE’s service area, You will obtain care from healthcare providers that have a contractual agreement (i.e., are “Participating Providers”) with the local Blue Cross and/or Blue Shield Licensee in that other geographic area (“Host Blue” or On-Site Plan”). In some instances, You may obtain care from nonparticipating healthcare providers. BCBSNE’s payment practices in both instances are described in the following paragraphs.

BlueCard® Program

Under the BlueCard® Program, when You access Covered Services within the geographic area served by a Host Blue, BCBSNE will remain responsible for fulfilling BCBSNE’s contractual obligations. However, the Host Blue is responsible for contracting with and generally handling all interactions with its Participating healthcare Providers.

Whenever You access Covered Services outside BCBSNE’s service area and the claim is processed through the BlueCard Program, the amount You pay for Covered Services is calculated based on the lower of:

- The billed covered charges for your Covered Services, or
- The Contracted Amount that the Host Blue makes available to BCBSNE.

Often, this Contracted Amount will consist of a simple discount which reflects an actual price that the Host Blue pays to Your healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with Your healthcare provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over or underestimation of modifications of past pricing for the types of transaction modifications previously noted. However, such adjustments will not affect the price BCBSNE uses for Your claim because such adjustments will not be applied retroactively to claims already paid.

Laws in a small number of states may require the Host Blue to add a surcharge to Your liability calculation methods, including a surcharge, BCBSNE would then calculate Your liability for any Covered Services according to applicable law.

Negotiated (non-BlueCard® Program) National Account Arrangements

As an alternative to the BlueCard® Program, Your claims for Covered Services may be processed through a negotiated National Account arrangement with a Host Blue.

The amount You pay for Covered Services under this arrangement will be calculated based on the lower of either billed covered charges or the Contract Amount (refer to the description of negotiated price under BlueCard® Program) made available to BCBSNE by the Host Blue.

Non-Participating Healthcare Providers Outside Our Service Area

Subscriber Liability Calculation — When Covered Services are provided outside of BCBSNE’s service area by nonparticipating healthcare providers, the amount You pay for such Services will generally be based on either the Host Blue’s nonparticipating healthcare provider local payment or the pricing arrangements required by applicable state law. In these situations, You may be liable for the difference between the amount that the nonparticipating healthcare provider bills and the payment BCBSNE will make for the Covered services as set forth in this paragraph.

Exceptions — In certain situations, BCBSNE may use other payment bases, such as billed covered charges, the payment BCBSNE would make if the healthcare Services had been obtained within BCBSNE’s service area, or a special negotiated payment, as permitted under Inter-Plan Programs Policies, to determine the amount BCBSNE will pay for Services rendered by nonparticipating healthcare providers. In these situations, You may be liable for the difference between the amount that the nonparticipating healthcare provider bills and the payment BCBSNE will make for the Covered Services set forth in this paragraph.

Locating A Provider Outside The NETWORK Blue Service Area

Selection of a provider of care still remains your choice. If you receive care from a provider who is a Preferred Provider with the On-site Blue Cross and/or Blue Shield Plan, you are eligible to receive the highest benefit level (preferred) possible under your Group health plan. However, if you choose a non-Preferred Provider, the benefit level (non-preferred) will generally be less. For help in locating a Preferred Provider in another Blue Cross and/or Blue Shield Service Area, including providers outside of the U.S., you may call the special toll-free number of the Blue Cross and Blue Shield BlueCard Program (1-800-810-2583) for assistance.

For help in locating a provider, you can visit the “Blue National Doctor & Hospital Finder” at the Blue Cross and Blue Shield Association website, www.bcbs.com. For worldwide medical assistance services, including help in locating hospital and doctors throughout the world, you can visit BlueCard Worldwide by clicking on the link for health care providers outside of the U.S.

How The Plan Components Work

Your Deductible, Copayment, Coinsurance and Out-of-pocket Limit are shown on your Schedule of Benefits Summary. The following is an explanation of each of those components.

Allowable Charge — An amount BCBSNE uses to calculate the payment of Covered Services. This amount will be based on either the Contracted Amount for In-network Providers or the Out-of-network Allowance for Out-of-network Providers.

Coinsurance — This is the percentage you must pay for Covered Services, after the Deductible is applied.

Copayment (Copay) — A fixed dollar amount payable by the Covered Person for a Covered Service.

Deductible* — You are responsible for your annual expenses until you reach the Plan’s Deductible. After the Deductible is met, benefits for the rest of that calendar year will not be subject to any further Deductible.

Charges by In-network Providers will be credited and totaled for application to the In-network Deductible. Charges by Out-of-network Providers will be credited and totaled for application to the Out-of-network Deductible. Charges will not be credited and totaled for application to both Deductibles.

Copays and charges for Non-covered Services or amounts in excess of the Allowable Charge do not count toward your Deductible.

Out-of-pocket Limit* — The maximum amount of cost-sharing each Covered Person or Membership Unit must pay in a calendar year.

Charges by In-network Providers will be credited and totaled for application to the In-network Out-of-pocket Limit. Charges by Out-of-network Providers will be credited and totaled for application to the Out-of-network Out-of-pocket Limit. Charges will not be credited and totaled for application to both Out-of-pocket Limits.

The following charges do not count toward your Out-of-pocket Limit:

- premium amounts;
- amounts in excess of the Allowable Charge;
- charges for noncovered Services;
- penalties for failure to comply with Certification requirements; and
- penalty amounts under the RX Nebraska Prescription Drug Program.

**If you have a family or multiple party membership, your plan may have either an Aggregate or an Embedded Deductible and/or Out-of-pocket Limit. Your Schedule of Benefits Summary will indicate whether your plan has an Aggregate or an Embedded amount.*

Aggregate Deductible means the entire family Deductible must be met before benefits are available. Aggregate Out-of-pocket Limit means the entire family amount must be met before cost-sharing is no longer applicable. Family members may combine their Covered expenses to satisfy the family Deductible and Out-of-pocket amounts.

Embedded Deductible and/or Out-of-pocket Limit means no one family member contributes more than the individual amount. Family members may combine their covered expenses to satisfy the family Deductible and Out-of-pocket amounts.

Utilization Review — Benefits are available under this Group health plan for **Medically Necessary** and **Scientifically Validated** Services. Services provided by all health care providers are subject to utilization review by BCBSNE. Services will not automatically be considered Medically Necessary because they have been ordered or provided by a Physician. BCBSNE will determine whether Services provided are Medically Necessary under the terms of the plan, and benefits available.

Certification Requirements — Prior Certification is required for all Inpatient Hospital admissions, as well as certain surgical procedures, and specialized Services and supplies. In-network Hospitals will notify BCBSNE of an Inpatient admission. However, when you are admitted as an Inpatient to an Out-of-network Hospital, or to a Hospital outside the state of Nebraska, it is your responsibility to see that BCBSNE is notified of your admission. For more information, please refer to the section of this book titled “Certification Requirements.”

For more definitions, please refer to the section of this book titled “Definitions.”

SCHEDULE OF BENEFITS SUMMARY

Section 2

Payment for Services	In-network Provider	Out-of-network Provider
<p>Covered Services are reimbursed based on the Allowable Charge. Blue Cross and Blue Shield of Nebraska In-network Providers have agreed to accept the benefit payment as payment in full, not including Deductible, Coinsurance and/or Copayment amounts and any charges for non-covered services, which are the Covered Person's responsibility. That means In-network providers, under the terms of their contract with Blue Cross and Blue Shield, can't bill for amounts over the Contracted Amount. Out-of-network Providers can bill for amounts over the Out-of-network Allowance.</p>

<p>Once the annual Out-of-pocket Limit is reached, most Covered Services are payable by the plan at 100% for the rest of the Calendar Year.</p>		
<p>In-network and Out-of-network Deductible and Out-of-pocket Limits are separate and do cross accumulate. All other limits (days, visits, sessions, dollar amounts, etc.) do cross accumulate between In-network and Out-of-network, unless noted differently.</p>		
<p>*Aggregate – If you have single coverage, you only need to satisfy the individual Deductible and Out-of-pocket Limit. If you have family coverage the individual amounts do not apply - the entire family Deductible must be met prior to any benefits becoming available, and the entire family Out-of-pocket must be met before cost-sharing no longer applies. Family members may combine their covered expenses to satisfy the required family Deductible and Out-of-pocket amounts.</p>		

Copayment(s) (copay(s)) apply to:

- This plan has no medical or prescription drug copays

The Copay amount varies by the type of Covered Service. Refer to the appropriate category for benefit information.

Out-of-pocket Limit includes:

- Deductible
- Coinsurance

The Deductible must be met each Calendar Year before Copays and Coinsurance are applicable.

CERTIFICATION REQUIREMENTS

Section 3

Certification Process

BCBSNE requires that all Hospital stays, certain surgical procedures, and specialized Services and supplies be Certified prior to receipt of such Services or supplies. Ultimately, it is your responsibility to see that Certification occurs; however, a Hospital or Provider may initiate the Certification.

When BCBSNE receives a request for Certification, the appropriateness of the setting and the level of medical care as well as the timing and duration of the admission is assessed by BCBSNE (or by persons designated by BCBSNE).

To initiate the Certification process, BCBSNE must be contacted by you, your family member, the Physician, the Hospital or someone acting on behalf of you or your family member. Notification of the intended receipt of Services may be made by telephone or in writing. We may require that the Certification include written documentation from the attending Physician, dentist or other medical provider demonstrating the Medical Necessity of the procedure or Service and the location where the Service will be provided.

In the case of an ongoing Inpatient admission, the care should continue to be Certified in order to assure that it is being provided in the most appropriate setting.

Please remember that Certification does not guarantee payment. All other Group plan provisions apply. For example: Copayments, Deductibles, Coinsurance, eligibility and exclusions.

Benefits Requiring Certification

The following Services, supplies or drugs must be Certified:

- Durable Medical Equipment (subsequent purchases);
- Hospice Care;
- Inpatient Hospital admissions;
- Inpatient Physical Rehabilitation;
- Long Term Acute Care;
- Organ and tissue transplants;
- Prescription drugs (certain drugs as defined by BCBSNE);
- Pulmonary rehabilitation;
- Services specifically stated elsewhere in this booklet;
- Skilled nursing care in the home;
- Skilled nursing facility care; and
- Surgical preauthorization programs as defined by BCBSNE.

NOTE: For additional information on surgical procedures, specialized Services and supplies requiring Certification, you may call BCBSNE using the number on your I.D. card or refer to the Important Telephone Numbers in the front of this book.

Certification Exceptions

Maternity

Federal law provides for a length of stay of up to 48 hours following a normal vaginal delivery and 96 hours following a cesarean section unless otherwise agreed to by the Covered Person and her Physician. Certification is not required for an initial maternity admission. However, Certification is required if the hospitalization extends beyond these times.

Emergencies

BCBSNE must be notified of an admission for an Emergency Medical Condition within 24 hours of the admission or the next business day. If Certification is not received, the 24-hour period prior to the time of admission and the 24-hour period after such admission will be reviewed to determine if the Covered Person's condition and treatment would have hindered his or her ability to provide notice.

NOTE: Admission through the emergency room does not necessarily constitute an emergency admission.

Unanticipated Costs

Failure to comply with the Certification requirements may result in unanticipated costs associated with the incurred expenses.

If Services are not properly Certified and benefits are reduced or denied, you are responsible for paying any amount due. However if the Hospital, Inpatient facility or Physician is an In-network Provider, they are liable for their Services which are determined by BCBSNE to be not Medically Necessary, unless you have agreed in writing to be responsible for such Services or the provider has documented in the medical record that you were notified of the Certification determination. Any reductions made are not considered when computing your Deductible or your Out-of-pocket Limit.

Avoid Weekend Admissions

Ask your Physician to avoid nonemergency weekend admissions as most Hospitals do not perform surgical or other nonemergency procedures on weekends. Benefits may be denied if this kind of admission is not Medically Necessary.

ADDITIONAL INFORMATION ON COVERED SERVICES

This section provides general information with regard to Covered Services. If your benefits differ from what is described in this section, those differences will be described on your Schedule of Benefits Summary and/or at the end of this section, or the amendment at the back of this book.

Ambulance Services

Benefits are available, subject to the Copay, Deductible and/ or Coinsurance amounts outlined in the Schedule of Benefits Summary, when ambulance services are provided to a Covered Person for:

- transportation to the nearest facility for appropriate care for an Emergency Medical Condition;
- transportation from a facility where emergent care was obtained or from an Inpatient acute care facility to the nearest facility where appropriate care can be provided, whether it is a lesser or greater level of specific care. Benefits are also available for transporting the Covered Person who is bedridden, to a facility for treatment or to his or her place of residence;

- transporting a respirator-dependent person; and
- transportation to and from the nearest appropriate facility for testing and/or procedures that are not available at the present facility.

Drugs Administered In An Outpatient Setting

When indicated on your Schedule of Benefits Summary, prescription drugs and other Covered Services administered in an Outpatient setting (such as home, Physician's office or other Outpatient setting, except a Hospital emergency room) are only payable under the Rx Nebraska Prescription Drug Program.

NOTE: Please check your Schedule of Benefits Summary to determine if this provision applies to you.

Durable Medical Equipment (DME)

Benefits are available for rental or initial purchase (whichever costs less) of covered DME. Benefits for rental of DME shall not exceed the cost of purchasing the equipment unless otherwise approved by BCBSNE. In addition, benefits will be available for subsequent purchases of covered DME when: there is a significant change in the Covered Person's condition; the Covered Person grows; the item is irreparable and/or the cost of repairs exceeds the expense of purchasing a second piece of equipment; the item is five or more years old (equipment may be replaced earlier if preauthorized by BCBSNE); or as otherwise determined to be reasonable and necessary. When you receive care in the emergency room, benefits will be provided subject to the applicable Copay, Deductible and/ or Coinsurance shown on your Schedule of Benefits Summary. If you receive care at an Out-of-network Hospital emergency room or by an Out-of-network Provider, benefits for Covered Services may be provided at the In-network benefit level. You will still be responsible for amounts in excess of the Allowable Charge when you receive services from an Out-of-network Provider.

If Emergency Care results in a Covered Person being admitted to the Hospital, BCBSNE must be notified of the admission in accordance with the Certification requirements for emergencies. (Please refer to the section of this book titled "Certification Requirements.")

EMERGENCY ROOMS ARE EXPENSIVE

Hospital emergency rooms are very expensive because they are specifically staffed and equipped to handle accidents, injuries and other emergencies. Using them for preventive care (or as a substitute for the family physician) can cost you time and money.

However, benefits may be paid for a shorter stay if the mother's or newborn's attending provider, after consulting with the mother, discharges the mother or newborn earlier.

Women's Health Act

The Women's Health and Cancer Rights Act of 1998 (Women's Health Act) includes protections for breast cancer patients who elect to have breast reconstruction in connection with a mastectomy.

PRESCRIPTION DRUG BENEFITS

Section 6

Prescription Drug Benefits are subject to the applicable Copay, Deductible and/or Coinsurance amounts shown in the Schedule of Benefits Summary. All covered prescription drug products must be Medically Necessary, and:

- FDA approved,
- dispensed by a registered pharmacist, and
- require a Physician's or Dentist's prescription.

A Copay, Deductible and/or Coinsurance will be assessed for each prescribed drug, supply and/or unit.

Your prescription drug benefit is based on a tiered benefit design that helps control your out-of-pocket prescription drug costs by encouraging the use of generic medications. A drug formulary, which is a list of medications divided into tiers or categories, is used to determine what you must pay for each covered prescription medication. The formulary list classifies drugs as generic and formulary brand-name. A brand-name drug that does not appear on the list is classified as a non-formulary brand name drug. The formulary list and a specialty pharmacy program drug list are available at www.nebraskablue.com, or you may contact the BCBSNE Member Services Department.

Whenever appropriate, Generic Drugs will be used to fill prescriptions. If a generic version is available and the ordering physician did not specify a Brand Name Drug, but the Covered Person requests a Brand Name Drug, he or she may be required to pay a penalty equal to the difference in cost between the Brand Name Drug and the Generic Drug. This penalty will be in addition to the applicable Copay, Deductible and Coinsurance.

Additional terms and provisions for the Rx Nebraska Prescription Drug Program are stated at the end of this section.

Generic Drugs Can Save You Money

Generic drugs are drugs that are labeled by their chemical name rather than by a brand name. However, all drugs, whether generic or brand, must meet the same government standards for safety and effectiveness. Why pay more for a brand name drug if its generic twin is available at a lower cost? Ask your physician to prescribe generic drugs whenever possible.

Accessing Benefits

If the prescription or supply is purchased at a Rx Nebraska participating pharmacy, and you present your BCBSNE identification card to the pharmacist at the time of purchase, you will only be required to pay your financial liability at the time the prescription is filled. The Schedule of Benefits Summary shows your financial liability and the dispensing amount for each benefit tier.

NOTE: *Prepackaging by the manufacturer may limit the quantity dispensed to an amount which is less than the maximum dispensing amount available under your coverage. If that happens, benefits will be provided in compliance with the manufacturer's packaging guidelines.*

If the covered prescription is filled at an Out-of-network Pharmacy, or if you do not present your I.D. card at the time of purchase at an In-network Pharmacy, you will be required to pay the pharmacy's usual retail price. You must file a claim with BCBSNE. Eligible claims will be reimbursed based on the Allowance for the drug less the applicable Copay, Deductible and/or Coinsurance and a penalty.

To locate participating Rx Nebraska pharmacies nationwide, call toll-free 1-877-800-0746.

If such a limitation applies to the Covered Person, benefits will not be available for prescription drugs obtained from any other pharmacy.

Preauthorization: Under the Rx Nebraska Drug Coverage Program the following require preauthorization to determine if benefits will be available.

Formulary brand and non-formulary proton pump inhibitors (PPIs) - PPIs are used to help reduce stomach acid and provide relief from the symptoms of heartburn, ulcers, and gastroesophageal reflux disease (GERD).

For benefits to be considered for the formulary brand medication Nexium, members must first use a prescription generic formulary PPI. For benefits to be considered for a non-formulary PPI, members must first use three formulary PPIs. Benefits for generic formulary PPIs do not require preauthorization.

NOTE: *If you are currently taking a non-formulary PPI or a formulary brand PPI, preauthorization is necessary to determine if you meet the criteria for continued benefits.*

GI protective NSAIDs - The GI protective NSAID program manages the use of costly gastroprotective NSAIDs used to treat inflammation and reduce pain. These drugs work the same as drugs such as naproxen and ibuprofen.

Patients whose medical history and current medical condition do not indicate that use of a GI protective NSAIDs is required need to try traditional NSAIDs first. Benefits for gastroprotective NSAIDs will be available if the Covered Person's medical condition warrants it.

Preauthorization is also required for other prescriptions as determined by BCBSNE - For more information on prescription medications requiring preauthorization, visit the BCBSNE website (www.nebraskablue.com) or call the Member Services Department at the phone number shown on the back of your I.D. card.

Requesting Preauthorization: A written request to BCBSNE must be made prior to the initial purchase of the prescription. This request must be accompanied by appropriate documentation from the Covered Person's physician, dentist or other medical provider demonstrating the medical necessity of the drug. This written request should be directed to:

Blue Cross and Blue Shield of Nebraska
Attention: Pharmacy
P.O. Box 3248

Preauthorization forms can be found on the BCBSNE website at www.nebraskablue.com.

Upon receipt of the necessary information, BCBSNE will respond in writing advising the provider and the Covered Person whether or not benefits are available.

The request must be in writing, identified as a formulary exception, and include the name of the Covered Person and any additional information to be considered for review. Submit the request to the address on the back of your I.D. card. If approved, the formulary exception drug will be covered at the applicable tier for the excepted drug. An appeal of a denial of a formulary exception may be made subject to the appeal procedure. (Please refer to the section of the book titled "Appeal Procedures" for more details.)

ELIGIBILITY AND ENROLLMENT

Section 7

Who's Eligible

The Plan's eligibility requirements are specified in the Master Group Contract between BCBSNE and your employer. We refer to the individual who enrolls for the coverage or the "employee" as a Subscriber. Dependents are generally your spouse and children; however, in order to be an Eligible Dependent, they must meet the definition of an Eligible Dependent.

NOTE: If two eligible persons in the same employer group are married to each other, each person and/or their Eligible Dependents may not enroll under more than one membership unit. If two eligible persons have a parent/child relationship and both are employed by the same employer group, the parent and child may elect to enroll as two employees or the parent may enroll as an employee with dependent coverage.

Initial Enrollment

Subscribers and dependents must enroll within 31 days of their initial eligibility, or late enrollment provisions may apply.

Special Enrollment

A period of 31 days is allowed for:

- enrollment of eligible persons due to marriage, birth, adoption or placement for adoption;
- enrollment of eligible persons not previously covered under this plan due to having had other coverage at the time it was previously offered, and who have lost that other coverage due to:
 - exhaustion of COBRA continuation coverage, or
 - a loss of eligibility, including loss due to death, divorce, legal separation, termination of employment or reduction in hours, or due to the plan no longer offering benefits to the class of individuals that includes the person (when the other coverage was not COBRA), or
 - moving out of the service area of an HMO or other arrangement that only provides benefits to individuals who reside, live or work in the service area, or
 - the employer ceasing to make contribution for the other coverage (when the other coverage was not COBRA).

A special enrollment period of 60 days is allowed for:

- Enrollment of eligible persons who were covered under Medicaid or State Child Health Insurance Program (SCHIP), which has been terminated due to loss of eligibility.
- Enrollment of eligible persons who have become eligible for premium assistance for this group health plan coverage under Medicaid or SCHIP.

The Subscriber must enroll (or already be enrolled) in order to enroll his or her dependents in this plan. In the case of a marriage, birth or adoption, a Subscriber who is eligible, but who has not previously enrolled, may enroll at this time with or without the newly eligible dependent. Likewise an eligible spouse who has not previously enrolled, may enroll as a special enrollee with or without a new dependent child. Please contact your Human Resource Department for additional information.

Late Enrollment

A "late enrollee" is defined as a Subscriber or dependent who does not timely enroll, or does not enroll for coverage within the first period in which he or she is eligible to enroll. Late enrollment is only allowed during the group's open enrollment period. A person who enrolls for coverage during a "special enrollment period" is not considered a "late enrollee."

Open Enrollment

Eligible persons who do not enroll for coverage during the initial enrollment period or special enrollment period ("late enrollee"), may enroll during the open enrollment period. For additional information on the open enrollment period, please contact your Human Resource Department.

Adding A Dependent

Dependents may enroll if you, the eligible employee, are covered under the Plan. In order to add a dependent, he or she must meet the definition of an Eligible Dependent. Unless otherwise stated in an amendment, the definition of an Eligible Dependent is as stated in the section of this book titled "Definitions."

Effective Date Of Coverage

Provided that an appropriate membership option is in place and, if applicable, any additional premium is paid, the effective date of coverage will be as follows:

Marriage: The first day of the month following receipt of the enrollment form.

Newborn Children: Coverage will be provided for 31 days from the date of birth for the child of a Subscriber or Eligible Dependent regardless of the membership option. In order to continue coverage, the newborn must meet the definition of an Eligible Dependent and be enrolled as a special enrollee within the 31-day period.

Adopted Children: Coverage will be provided for 31 days from the earlier of the date the child is placed for adoption or the date a court order grants custody to the adoptive parents regardless of the membership option. (In order to avoid claim delays, you must notify BCBSNE of the adoption within 31 days of the placement.) In order to continue coverage, the adopted child(ren) must be enrolled as a special enrollee within the 31-day period.

Qualified Medical Child Support Orders (QMCSO)

A QMCSO is a court order that requires an employee to provide medical coverage for his or her children (called alternate recipients) in situations involving divorce, legal separation, or paternity disputes. The order may direct the Group health plan to enroll the child(ren), and also creates a right for the alternate recipient to receive plan information, submit claims, and receive benefits for services.

QMCSOs are specifically defined under the law, and are required to include certain information in order to be considered "qualified." A National Medical Support Notice received by the employer or plan from a state agency, regarding coverage for a child, will also be treated as a QMCSO. The Plan Administrator or its designee, will review the Order or Notice to determine whether it is qualified, and make a coverage determination. The Plan Administrator or its designee will notify affected employees and the alternate recipient(s) if a QMCSO is received.

You have the right to request a copy of the Plan's procedures governing QMCSO determinations from the Plan Administrator, at no charge.

Active Employees Age 65 And Over

Federal law affects the way employers provide coverage to eligible active employees and their spouses who are 65 and over. These active employees and their spouses ages 65 and over may elect to continue full benefits under the employer Group benefit plan or choose Medicare as their primary coverage. If the Group plan is elected as the primary carrier (the plan which pays first), Medicare becomes the secondary coverage. If Medicare is elected as the primary carrier, coverage under the Group plan will be terminated. This law applies to employers with 20 or more employees. Please check with your employer regarding whether your Group is subject to this federal law.

Family Medical Leave Act (FMLA)

The Family Medical Leave Act of 1993, as amended, requires that subject to certain limitations, most employers of 50 or more persons must offer continued coverage to eligible employees and their covered dependents, while the employee is on an approved FMLA leave of absence. In addition, an employee who has terminated his/her Group health coverage while on an approved FMLA leave is entitled to reenroll for Group health coverage upon return to work. Please check with your employer for details regarding your eligibility under FMLA.

If You Receive Covered Services From An In-network Provider

Contracting Providers and many other Hospitals and Physicians will file the Claim to BCBSNE on your behalf. Out-of-state Contracting Providers will file a Claim with their local Blue Cross and Blue Shield plan for processing through the BlueCard Program. When we receive a Claim from a Contracting Provider, payment will be made directly to the provider, unless otherwise provided under state or federal law. Even when you use a Contracting Provider, you are responsible for meeting any applicable Deductible and paying any applicable Copay and/or Coinsurance amounts. You may be asked to pay amounts that are your liability at the time of service, or the provider may bill you for those amounts.

Filing A Claim

You must file your own Claim if your health care provider is not a Contracting Provider and does not file for you. You can obtain a Claim form by contacting BCBSNE's Member Services Department, or you can find a form on the website:

www.nebraskablue.com.

All submitted Claims must include:

- correct BCBSNE ID number, including the alpha prefix;
- name of patient;
- the date and time of an accident or onset of an illness, and whether or not it occurred at work;
- diagnosis;
- an itemized statement of services, including the date of service, description and charge for the service;
- complete name, address and professional status (M.D., R.N., etc.) of the health care provider;
- prescription number, if applicable;
- the name and identification number of other insurance, including Medicare; and
- the primary plan's explanation of benefits (EOB), if applicable.

Claims cannot be processed if they are incomplete, and may be denied for "lack of information" if required information is not received.

Claims should be filed by a Provider or a Covered Person within 90 days after the date of Service. If a Nebraska Contracting Provider does not file a claim within 120 days, the Claim will be the Provider's liability. If a claim for a non-Contracting Provider is not filed within 90 days, benefits will be denied; if the claim is not filed by the Covered Person within 15 months of the date of Service (except in the absence of legal capacity), benefits will not be allowed. All claims for Services by non-Contracting Providers that are filed beyond the claim filing time are the Covered Person's responsibility.

In Nebraska, Claim forms should be sent to:

Blue Cross and Blue Shield of Nebraska

P.O. Box 3248

Omaha, Nebraska 68180-0001

If health care Services are provided in a state other than Nebraska, Claims should be filed to the Blue Cross and Blue Shield plan servicing the area where the Services were received. If you need assistance in locating the plan, please contact BCBSNE's Member Services Department.

Payment Of Benefits For Non-Contracting Provider Claims

Payment will be made, at BCBSNE's option, to the Covered Person, to his or her estate, to the provider, or as required by state or federal law. Benefits may also be paid to an alternate recipient or custodial parent, if pursuant to a QMCSO.

No assignment, whether made before or after Services are provided, of any amount payable according to this Group benefit plan shall be recognized or accepted as binding upon BCBSNE, unless otherwise provided by state or federal law.

Payment For Services That Are The Covered Person's Responsibility

Under certain circumstances, if BCBSNE pays the provider amounts that are your responsibility, such as Copays, Deductibles, or Coinsurance, we may collect such amounts from you. You agree that BCBSNE has the right to collect such amounts from you.

Claim Determinations

A "Claim" may be classified as a "Preservice" or "Postservice."

Preservice Claims - In some cases, under the terms of the health plan, the Covered Person is required to certify benefits in advance of a Service being provided, or benefits for the Service may be reduced or denied. This required request for a benefit is a "Preservice Claim." Preservice Claim determinations that are not Urgent Care Claims will be made with 15 calendar days of receipt, unless an extension is needed to obtain necessary information. If an extension is needed, BCBSNE will provide the Covered Person and/or his or her provider with notice prior to the expiration of the initial 15-day period. If additional information is requested, the Covered Person or his or her provider may be given up to 45 calendar days from receipt of notice to submit the specified information. A Claim determination will be made within 15 days of receipt of the information, or the end of the extension period.

(See the section of this book titled "Certification Requirements" for more information on certifying benefits.)

Urgent Care - If your Preservice Claim is one for Urgent Care, the determination will be made within 72 hours of receipt of the Claim, unless further information is needed. If additional information is necessary, the Covered Person or his or her provider will be given no less than 48 hours to provide the specified information. Notification of the decision will be provided not later than 48 hours after the earlier of: our receipt of the information, or the end of the period allowed to submit the information.

Concurrent Care - If you request to extend a course of treatment beyond the care previously approved and it involves urgent care, a decision will be made within 24 hours of the request, if you submitted the request at least 24 hours before the course of treatment expires. In all other cases, the request for an extension will be decided as appropriate for Preservice and Postservice Claims.

Postservice Claims - A Postservice Claim is any Claim that is not a Preservice Claim. In most cases, a Postservice Claim is a request for benefits or reimbursement of expenses for medical care that has been provided to a Covered Person. The instructions for filing a Postservice Claim are outlined earlier in this section. Upon receipt of a completed Claim form, a Postservice Claim will be processed within 30 days, unless additional information is needed. If additional information is requested, the Covered Person may be given not less than 45 days to submit the necessary information. A Claim determination will be made within 15 days of receipt of the information, or the expiration of the 45-day extension period. You will receive an EOB when a Claim is processed which explains the manner in which your Claim was handled.

Explanation Of Benefits

Every time a Claim is processed for you, an Explanation of Benefits (EOB) form will be sent. The front page of the EOB provides you with a summary of the payment including:

- the patient's name and the Claim number;
- the name of the individual or institution that was paid for the Service;
- the total charge associated with the Claim;
- the covered amount;
- any amount previously processed by this plan, Medicare or another insurance company;
- the amount(s) that you are responsible to pay the provider;
- the total Deductible and/or Coinsurance that you have accumulated to date; and
- other general messages.

A more detailed breakdown of the charges including provider discounts, amount paid, and cost sharing amounts (e.g. noncovered charges, Deductible and Copays) are shown on the back of your EOB.

Also included on your EOB is information regarding your right to appeal a benefit determination, or request additional information.

Save your EOBs in the event that you need them for other insurance or for tax purposes.

APPEAL PROCEDURES

Section 9

BCBSNE has the discretionary authority to determine eligibility for benefits under the health Plan, and to construe and interpret the terms of the Plan, consistent with the terms of the master group contract.

You have the right to seek and obtain a review of “adverse benefit determinations” arising under this health Plan.

Appeal Procedure Definitions

Adverse Benefit Determination: A determination by BCBSNE or its Utilization Review designee, of the denial, reduction, or termination of a benefit, or a failure to provide or make payment (in whole or in part) of a benefit. This includes any such determination that is based on:

- the application of Utilization Review;
- a determination that the Service is Investigative;
- a determination that the Service is not Medically Necessary or appropriate;
- an individual’s eligibility for coverage or to participate in a plan.

An Adverse Benefit Determination also includes any rescission of coverage, which is defined as a cancellation or discontinuance of coverage that has a retroactive effect, except if for failure to timely pay required premiums or contribution for coverage.

Final Internal Adverse Benefit Determination: An Adverse Benefit Determination that has been upheld by BCBSNE, or its Utilization Review designee, at the completion of the internal appeal process as described in this document.

Preservice Claim(s): Any Claim for a benefit under the Plan with respect to which the terms of the Contract require approval of the benefit in advance of obtaining medical care, and failure to do so will cause benefits to be denied or reduced.

Postservice Claim(s): Any Claim that is not a Preservice Claim.

Urgent Care Claim: A Claim for medical care or treatment for which the application of the time periods for making non-urgent care determinations:

- could seriously jeopardize the life or health of the Covered Person or the ability of the Covered Person to regain maximum function; or
- would subject the Covered Person to severe pain that cannot be adequately managed without the care or treatment that is the subject of the Claim.

How To Appeal An Adverse Benefit Determination

A Covered Person or a person acting on his/her behalf (the “claimant”) is entitled to an opportunity to appeal initial or final Adverse Benefit Determinations.

Internal Appeal

A request for an internal appeal must be submitted within 6 months of the date the Claim was processed, or Adverse Benefit Determination was made. The written request for an appeal should state that it is a request for an appeal and, if possible, include a copy of the Explanation of Benefits (EOB). The appeal should also include:

- the name of the person submitting the appeal and his/her relationship to the patient;
- the reason for the appeal;
- any information that might help resolve the issue; and
- the date of service/Claim.

The written appeal should be sent to:

Blue Cross and Blue Shield of Nebraska
P.O. Box 3248
Omaha, Nebraska 68180-0001

We will provide the claimant notice of receipt of the request within 3 days. The notice will include the name, address and telephone number of a person to contact regarding coordination of the review. The claimant does not have the right to attend the appeal review, but may submit additional information for consideration.

Preservice or Postservice Claim Appeal: A written notice of the appeal determination will be provided to the claimant as follows:

- Preservice Claims (other than Urgent Care), within 15 calendar days after receipt.
- Postservice Claims involving an Adverse Benefit Determination based on Medical Necessity, Investigative determination or utilization review, within 15 calendar days after receipt.
- All other Post Service Claims, within 15 calendar days after receipt, unless additional time is needed and written notice is provided to the claimant on or before the 15th day, in which case the decision will be provided within 30 calendar days after receipt.

The decision made pursuant to this appeal will be considered a Final Adverse Benefit Determination.

Expedited Appeal: When the appeal is related to an Urgent Care Claim, an expedited appeal may be requested. In the case of an expedited appeal, the request may be submitted in writing or orally. All information, including the decision, will be submitted by the most expeditious method available. BCBSNE will make an expedited review decision within 72 hours after the appeal is requested. Written notification of the decision will be sent within the 72-hour period.

Concurrent Care denials must be appealed within 24 hours of the denial. A Concurrent Care denial will be handled as an expedited appeal. If the appeal is requested within the 24-hour time period, coverage will continue for health care services pending notification of the review decision.

NOTE: When an adverse appeal determination involves medical judgment, upon receipt of a written request, the identity of the health care professionals who reviewed the appeal will be provided to the claimant.

Rights To Documentation

You have the right to have access to, and request copies of, the documentation relevant to the Claim and Adverse Benefit Determination(s), including any new evidence or rationale considered or relied upon in connection with the Claim on review. In addition, supporting material or additional comments, may be submitted by the claimant for consideration during the appeal process.

External Review

If the claimant has exhausted internal appeal reviews, an external review by an Independent Review Organization (IRO) may be requested for review of an Adverse Benefit Determination or Final Internal Adverse Benefits Determination which was based on a judgment as to the Medical Necessity, appropriateness, health care setting, level of care, or effectiveness of the health care Service or treatment. The request must be submitted in writing within four months after receipt of the Final Internal Adverse Benefit Determination. (An Adverse Benefit Determination based on an individual's eligibility for coverage or to participate in a plan is not eligible for External Review.)

The Covered Person will be required to authorize the release of any of his or her protected health information, including medical records, which may be needed for the purposes of the External Review.

The request for an External Review may be submitted electronically, by facsimile, or U.S. mail, as stated on the Final Internal Adverse Benefit Determination notice (letter). The request should be submitted to:

Nebraska Department of Insurance
P.O.Box 82089
Lincoln, Nebraska 68501-2089
www.doi.nebraska.gov

Upon receipt of the request, the Nebraska Department of Insurance (NDOI) will forward the request to BCBSNE to conduct a preliminary review to determine if it is complete and whether it is eligible for external review, consistent with applicable law. BCBSNE will conduct this review within 5 business days of receipt, and notify the NDOI and the Covered Person of the outcome within one business day. If it is determined that the request is not complete, or is not eligible for external review, the claimant will be notified of the reason for ineligibility, or advised of the information needed to make the request complete. The NDOI may determine that the request is eligible notwithstanding BCBSNE's determination, consistent with state law.

If the external review request is eligible for review, the NDOI will assign an IRO to conduct the review, and notify BCBSNE and the claimant of the assignment within one business day. BCBSNE will forward all documentation and information used to make the initial Adverse or Final Internal Adverse Benefit Determination to the IRO within 5 business days. If the claimant wishes to submit additional information to the IRO for consideration, they will be given the opportunity to do so. The IRO will provide BCBSNE with any information submitted by the claimant, to allow BCBSNE an opportunity to reconsider its original determination.

The IRO will complete its review and provide the claimant with written notification of its decision within 45 calendar days of receipt. No deference shall be given to the prior internal appeal determination made by BCBSNE.

Expedited External Review: An expedited External Review of an Adverse Benefit Determination for an Urgent Care Claim may be requested at the same time a claimant requests an expedited internal appeal if the denial:

- involves an Urgent Care Claim; or
- it was based on a determination that the requested Service or treatment is Investigative, if the Covered Person's treating Physician certifies in writing that the Service or treatment would be significantly less effective if not promptly initiated.

However, the claimant must first exhaust the internal appeal process unless BCBSNE agrees to waive this requirement, or as otherwise directed by the IRO, consistent with state law.

An expedited External Review may also be requested following a Final Internal Adverse Benefit Determination, if:

- the Covered Person has a medical condition where the time frame for completion of a standard External Review would seriously jeopardize his/her life, health, or ability to regain maximum function.
- the Final Internal Adverse Benefit Determination concerns an admission; availability of care; continued stay, or health care Service for which the Covered Person has received emergency services, but has not been discharged from a facility.
- the Final Internal Adverse Benefit Determination is based on a determination that the requested Service or treatment is Investigative, if the Covered Person's Treating Physician certifies in writing that the Service or treatment would be significantly less effective if not promptly initiated.

The process for coordination of the expedited request between the NDOI and BCBSNE and the IRO will be done promptly upon receipt, by telephone, facsimile, or the most expeditious manner available. The expedited external review decision will be made by the IRO within 72 hours after receipt of the request. If notification of the decision was not in writing, the IRO will provide the decision in writing within 48 hours after the notification.

The decision of the IRO is the final review decision and is binding on BCBSNE and the claimant, except to the extent that the claimant may have other remedies available under applicable federal or state law. Once an external review decision has been made, the Covered Person or his/her representative may not file a subsequent request for an external review involving the same Adverse Benefit Determination.

The claimant may contact the local U.S. Department of Labor office and/or the state regulatory agency for information.

COORDINATION OF BENEFITS

Section 10

When You have Coverage Under More Than One Plan

This Plan includes a Coordination of Benefits (COB) provision. This provision establishes a uniform order in which the Plans pay their claims, limits duplication of benefits and provides for transfer of information between the Plans.

When Coordination Of Benefits Applies

COB provisions apply when a Covered Person has coverage under more than one health Plan. The order of benefit determination rules described in this section determine which Plan will pay as the primary Plan without regard to any benefits that might be payable by another Plan.

Definitions

For the purpose of this section, the terms are defined as:

Allowable Expense: A health care expense, including Deductibles, Coinsurance and Copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a Covered Person is not an Allowable Expense.

The amount of any benefit reduction by the Primary Plan because a Covered Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of Plan provisions include second surgical options, recertification of admissions, and preferred provider arrangements.

Closed Panel Plan: A Plan that provides health care benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

Custodial Parent: The parent awarded custody by a court decree or, in the absence of a court decree, the parent with whom the child resides more than one half of the calendar year excluding temporary visitation.

Plan: Any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts.

a. Plan includes: group insurance and non-group insurance contracts and subscriber contracts, health maintenance organization (HMO) contracts, Closed Panel Plans; other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits coverage in automobile "no-fault" and traditional "fault" type contracts; group and non-group insurance contracts and subscriber contract that pay or reimburse for the cost of dental care; and Medicare or any other federal governmental Plan, as permitted by law.

b. Plan does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage other than the medical benefits coverage in automobile "no fault" and traditional "fault" contracts; specified disease or specified accident coverage; limited benefit health coverage, as defined in state law; school accident coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; and coverage under other federal governmental Plans, unless permitted by law.

Each contract for coverage under a. or b. is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

Primary Plan: The Plan that will determine payment for its benefits first before those of any other Plan without considering any other Plan's benefits.

Secondary Plan: The Plan that will determine its benefits after those of another Plan and may reduce the benefits so that all Plan benefits do not exceed 100% of the total Allowable Expense.

This Plan: The part of the contract providing health care benefits to which the COB provision applies and which may be reduced because of the benefits of other Plans. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

Order Of Benefit Determination Rules

1. The Primary Plan pays or provides its benefits according to its terms or coverage and without regard to the benefits under any other Plan.
2. A Plan that does not contain a coordination of benefits provision that is consistent with this Part is always primary unless the provisions of both Plans stated that the complying Plan is primary.
3. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.
4. Each Plan determines its order of benefits using the first of the following rules that apply:

Subscriber And Dependent. The Plan that covers the person as other than a dependent, such as a subscriber/policyholder/employee, is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent and primary to the Plan covering the person as a subscriber, then the order of benefits between the two Plans is reversed so that the Plan covering the person as a subscriber is the Secondary Plan and the other Plan is the Primary Plan.

Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one Plan the order of benefits is determined as follows:

For a dependent child whose parents are married or are living together, whether or not they have ever been married, the Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan. If both parents have the same birthday, the Plan that has covered the parents the longest is the Primary Plan (birthday rule).

For a dependent child whose parents are divorced, or separated or not living together, whether or not they have ever been married, if a court decree states that one of the parents is responsible for the child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, the Plan of that parent's spouse is primary. This rule applies to Plan years beginning after the Plan is given notice of the court decree.

If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the order of benefits shall be determined by the "birthday rule" stated above.

If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the order of benefits shall be determined by the "birthday rule" stated above.

If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:

- The Plan covering the Custodial Parent;
- The Plan covering the spouse of the Custodial Parent;
- The Plan covering the non-custodial parent; and then
- The Plan covering the spouse of the non-custodial parent.

For a dependent child covered under more than one Plan of individuals who are not parents of the child, the above provisions shall apply as if those individuals were the parents.

For a dependent child covered under either or both parents' plans and also has his or her own coverage as a dependent under a spouse's plan, the rule before for "Longer or Shorter Length of Coverage" applies. In the event the dependent child's coverage under the spouse's plan began on the same date as her or her coverage under the parent's plan(s), the order of benefits shall be determined by applying the "birthday rule" above, to the dependent child's parent(s) and the dependent's spouse.

Active Employee, Retired Or Laid-Off Employee. The Plan that covers a person as an active employee, that is, an employee who is neither retired nor laid off, is the Primary Plan. The Plan covering that same person as a retired or laid-off employee is the Secondary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the first rule (Subscriber and Dependent) can determine the order of benefits.

COBRA Or State Continuation Coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as a subscriber/member/employee/retiree or covering the person as a dependent of a subscriber/member/employee/retiree is the Primary Plan and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the first rule (Subscriber and Dependent) can determine the order of benefits.

Longer Or Shorter Length Of Coverage. The Plan that has covered the person longer is the Primary Plan and the Plan that has covered the person the shorter period of time is the Secondary Plan. The start of a new Plan does not include a change in the amount or scope of a Plan's benefits; a change in the entity that pays, provides or administers the Plan's benefits; or a change from one type of Plan to another, such as from a single employer Plan to a multiple employer Plan.

If The Above Rules Do Not Determine The Order Of Benefits. The Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

Administration Of Coordination Of Benefits

The order of benefit determination rules govern the order in which each Plan will pay a Claim for benefits. The Plan that pays first is called the Primary Plan. The Plan that pays after the Primary Plan is called the Secondary Plan.

If This Plan is the Primary Plan, there shall be no reduction of benefits. Benefits will be paid without regard to the benefits of any other Plan.

If This Plan is the Secondary Plan, it may reduce its benefits so that the total benefits paid or provided by all Plans for any Claim are not more than the total Allowable Expenses. In determining the amount to be paid for any Claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits

paid or provided by all Plans for the Claim do not exceed the total Allowable Expense for that Claim. In addition, the Secondary Plan shall credit to its Plan Deductible any amounts it would have credited to its Deductible in the absence of other health coverage.

Miscellaneous Provisions

If these COB rules do not specifically address a particular situation, We may, at Our discretion, rely on the National Association of Insurance Commissioners Coordination of Benefits Model Regulation as an interpretive guide.

To properly administer these COB rules, certain facts are needed. This Plan may obtain or release information to any insurance company, organization or person. Any person who claims benefits under This Plan agrees to furnish the information that may be necessary to apply COB rules and determine benefits.

If another Plan pays benefits that should have been paid under This Plan, This Plan may reimburse the other Plan amounts determined to be necessary. Amounts paid to other Plans in this manner will be considered benefits paid under This Plan and This Plan is released from liability for any such amounts.

If the amount of the benefits paid by This Plan exceeds the amount it should have paid, This Plan has the right to recover any excess from any other insurer, any other organization, or any person to or for whom such amounts were paid, including Covered Persons under This plan.

WHEN COVERAGE ENDS

Section 11

Termination Of Coverage

Coverage under your group health plan will terminate on the earliest of the following dates:

- The date the entire Contract is terminated.
- When you are no longer eligible for coverage due to termination of employment.
- When you cease to be eligible under the health plan; or a dependent ceases to be an Eligible Dependent.
- When BCBSNE receives a request from you or the employer to terminate coverage for you or a dependent.
- The last date for which premium is paid.
- Another date as specified by your employer.

Please contact your employer for details regarding the specific date coverage under the Group health plan will be terminated.

You and/or your Eligible Dependents may be eligible to continue coverage under the Group health plan as detailed in this section.

Continuation Of Coverage Under The Federal Continuation Law

If you terminate your employment, or if a dependent loses coverage due to certain "Qualifying Events," continued coverage under the Group health plan may be available. Payment for continued coverage under the federal continuation law is at the employee's or dependent's own expense. Please contact your employer for details regarding eligibility.

What Is The Federal Continuation Law?

The Consolidated Omnibus Budget Reconciliation Act (COBRA), is a federal law which provides that a Covered Person who would lose coverage due to the occurrence of a "Qualifying Event," may elect to continue coverage under the Group health plan. A person who is eligible to continue coverage is called a "Qualified Beneficiary." A Qualified Beneficiary also includes a child born to, or placed for adoption with the Covered Person during the period of COBRA coverage. Please share the information found in this section with your Eligible Dependents.

Termination Of Employment Or Reduction In Hours — COBRA provides that if you should lose eligibility for coverage due to:

- voluntary termination of employment;
- a lay-off for economic reasons;
- discharge for misconduct (other than gross misconduct), or
- a reduction in work hours,

you and your covered dependents may be able to continue the Group coverage at your own expense for up to 18 months. Your employer is required to notify the Plan Administrator within 30 days. The Plan Administrator will send the Qualified Beneficiaries a COBRA notification within 14 days after receiving notice from the employer.

Disability — If a Qualified Beneficiary is determined by the Social Security Administration to have been disabled any time during the first 60 days of COBRA continuation coverage, the COBRA coverage period for the disabled individual and his or her related beneficiaries may be extended to 29 months instead of 18 months when loss of coverage is due to termination or reduction in hours of employment. You must provide written notice of the disability determination to the plan within 18 months of becoming eligible for COBRA and no later than 60 days after the date of the Social Security Administration's determination.

If the Social Security Administration determines that you or the dependent are no longer disabled, the extended continuation of coverage period (19th through 29th month) will be terminated the month that begins more than 30 days after the determination. You must notify the plan within 30 days of a determination that an individual is no longer disabled.

Change In Dependent Status, Divorce/Separation Or Medicare Entitlement — COBRA requires that continued coverage under the Group health plan be offered to your covered spouse and eligible children if they would otherwise lose coverage as a result of:

- divorce or legal separation;
- a child losing dependent status; or
- the employee becoming entitled to Medicare.

When one of these circumstances occur, you or the dependent are obligated to notify the employer or Plan Administrator within 60 days. Failure to provide timely and proper notice may result in the loss of the right to COBRA.

After receiving a timely notice of such an event, and eligibility has been determined, your employer or the Plan Administrator will send the Qualified Beneficiary an election form and the information needed to apply for coverage. Coverage may be continued at the individual's expense for up to 36 months.

Your Death — If you should die while you are covered under this Group health plan, continued coverage is available to your spouse and Eligible Dependents.

COBRA provides that subject to certain limitations, your surviving spouse and children may continue the Group health coverage at their own expense for up to 36 months. Federal law requires your employer to send the surviving family members instructions as to how to apply for continued coverage if they are eligible.

Special Provisions — If an employer files Chapter 11 bankruptcy, special provisions regarding COBRA continuation coverage may apply for the retiree or deceased retiree's surviving spouse and dependent children. Please check with your employer for details.

Electing COBRA Coverage

Within 14 days after notice of a Qualifying Event is received by the Plan Administrator, you and/or your dependents will be sent a written notice of the right to continue health coverage and an election form(s).

Reminder: *In the case of a divorce or legal separation, or if a child loses dependent status, you must notify your employer or Plan Administrator of this Qualifying Event within 60 days. Failure to provide timely and proper notice may result in the loss of the right to COBRA coverage.*

Qualified Beneficiaries must complete and return the COBRA election form in order to continue coverage. The notice will include instructions for completing and returning the form. The election form must be received by the later of:

- 60 days after the day health coverage would otherwise end, or
- 60 days after the notice is sent to you by the employer or Plan Administrator.

COBRA continuation coverage may only begin on the day after coverage under the Group plan would otherwise end. The required premium, including any retroactive premium, must be paid from the day coverage would have otherwise ended. The premium must be paid within 45 days after the day continued coverage is elected. Succeeding premiums must be paid monthly within 30 days of the premium due date. The COBRA notice and election form will inform you or your dependents of the monthly premium amount, and to whom such premium should be paid.

Second Qualifying Event — In the event your family experiences another Qualifying Event while receiving an 18-month period of COBRA coverage (or the extended 29-month period), your covered spouse and dependents are eligible to extend the original COBRA coverage period to a maximum of 36 months if notice of the second event is properly given to the employer or Plan Administrator. This extension may be available to the spouse and children receiving continuation coverage if: a) you die; b) you become entitled to Medicare; c) you get divorced or legally separated; or d) the dependent child is no longer eligible as a dependent, but only if the second event would have caused the spouse or child to lose coverage under the plan had the first Qualifying Event not occurred. In all of these cases, you or the dependent must notify the employer or Plan Administrator within 60 days of the second Qualifying Event.

Termination Of COBRA Coverage — A Qualified Beneficiary's COBRA continuation coverage will end at midnight on the earliest of:

- the day your employer ceases to provide any Group health plan to any employee;
- the day the premium is due and unpaid;
- the day the individual first becomes covered under any other Group health plan (after the COBRA election), which does not exclude or limit any Pre-existing Conditions or to whom such an exclusion is not applicable due to creditable coverage;
- the day the individual again becomes covered as an employee or dependent under the policy;
- the day an insured person becomes entitled to benefits under Medicare (after COBRA election); or
- the day health insurance has been continued for the maximum period of time allowed (18, 29 or 36 months).

NOTE: *In the event more than one continuous provision applies, the periods of continued coverage may run concurrently, but never for more than 36 months.*

Trade Adjustment Assistance (TAA) Reform Act Of 2002

The Trade Adjustment Assistance (TAA) Reform Act provides benefits to individuals eligible for trade adjustment assistance because international trade has adversely affected their employment. The Act provides that a TAA eligible individual who did not elect continuation coverage during the initial COBRA election period is entitled to a second 60-day election period. This election must take place no later than six months after the date of the TAA related loss of coverage.

Additional information regarding requirements and benefits under the TAA Reform Act may be obtained from the U.S. Department of Labor or the Nebraska Workforce Development, Department of Labor.

Uniformed Services Employment And Reemployment Rights (Military Leave)

The Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA) requires that continued coverage under an employer Group health plan be offered to an employee and covered dependents if coverage would otherwise be lost due to a military leave.

Continuation Of Group Health Coverage:

If coverage under your employee Group health plan ends because of service in the uniformed services, you may elect to continue health coverage for yourself and your covered dependents, until the earlier of:

- 24 consecutive months from the date active duty began; or
- the day after the date on which you fail to apply for, or return to employment, in accordance with USERRA.

You are responsible for payment of the required premium to continue coverage. Continuation Of Coverage For Children To Age 30

You may elect to continue coverage to age 30 for a dependent who would otherwise lose coverage when he or she meets the plan's limiting age provided that the following criteria are met:

- the child remains financially dependent on you; and
- the child was covered as an Eligible Dependent at the time such coverage would have terminated.

In order to elect continuation coverage, you must request an election form from Blue Cross and Blue Shield of Nebraska. The completed form must be returned no sooner than 31 days prior to or no later than 31 days after the date on which the child would otherwise lose coverage. You should also notify your employer of your decision to continue coverage for your child.

The first month's premium must be paid to the Group through which your coverage is provided no later than 31 days after the date the child's coverage would have terminated.

Termination Of Continuation Coverage

Continuation coverage will terminate if:

1. We do not receive the monthly payment on a timely basis;
2. You request coverage to be terminated;
3. Your coverage with BCBSNE terminates;
4. The covered child:
 - a) marries;
 - b) is no longer a resident of Nebraska;
 - c) receives coverage under another health benefit plan or self-funded employee benefit plan; or
 - d) attains age 30.

Continuation coverage will terminate at the end of the month in which any event listed above occurs. Coverage may not be reinstated once it has been terminated.

GENERAL LEGAL PROVISIONS

Section 12

Plan Document

This document provides an overview of your benefits. It is not intended to be a complete description of every detail of the Group health Plan. The terms of the Group health Plan are governed by the Master Group Application, any Subgroup applications, the enrollment information, the Master Group Contract, addenda, attachments or endorsements. If there is a discrepancy or conflict between this document and the Plan documents, the Plan documents will govern.

Fraud Or Misrepresentation

A Covered Person's coverage may be canceled or rescinded for fraud or intentional misrepresentation of material fact about a claim or eligibility for this coverage.

If coverage is rescinded, the amount of premium paid will be reduced by any benefits that were paid, and will be refunded. If benefits paid exceed the premium received, We may recover the difference.

Subrogation

Subrogation is the right to recover benefits paid for Covered Services provided as the result of Injury or Illness which was caused by another person or organization. When benefits are paid under the Master Group Contract, BCBSNE shall be subrogated to all of the Covered Person's right of recovery against any person or organization to the extent of the benefits paid. The Subscriber, the Covered Person or the person who has the right to recover for a Covered Person (usually a parent or spouse), agrees to make reimbursement to BCBSNE if payment is received from the person who caused the Illness or Injury or from that person's liability carrier.

This subrogation shall be a first priority lien on the full or partial proceeds of any settlement, judgment, or other payment recovered by or on behalf of the Covered Person, whether or not there has been full compensation for all his or her losses or as provided by applicable law. BCBSNE's rights shall not be defeated by allocating the proceeds to nonmedical damages.

Contractual Right To Reimbursement

If a Covered Person receives full or partial proceeds from any other source for Covered Services for an Illness or Injury, BCBSNE has a contractual right of reimbursement to the extent benefits were paid under the Contract for the same Illness or Injury. This contractual right to reimbursement shall be a first priority lien against any proceeds recovered by the Covered Person, whether or not the Covered Person has been fully compensated for all his or her losses, or as provided by applicable state law.

Such proceeds may include any settlement; judgment; payments made under group auto insurance; individual or group no fault auto insurance; another person's uninsured, underinsured or medical payment insurance; or proceeds otherwise paid by a third party. This contractual right to reimbursement is in addition to and separate from the subrogation right. Our rights shall not be defeated by allocating the proceeds to nonmedical damages.

When BCBSNE recovers proceeds under this contractual right to reimbursement for all or a part of the Claim, amounts previously credited to a Covered Person's Deductible or Coinsurance liability may be removed. Future Claims will be subject to the reinstated Deductible or Coinsurance.

No adult Subscriber may assign any rights to recover medical expenses from any third party to any minor or other dependent of the adult Subscriber or to any other person, without the express written consent of BCBSNE. The right to recover, whether by subrogation or reimbursement, shall apply to settlements or recoveries of deceased persons, minor dependents of a Subscriber, incompetent or disabled Subscribers, or their incompetent or disabled Eligible Dependents.

The Subscriber agrees to fully cooperate and assist in any way necessary to recover such payments, including but not limited to notifying BCBSNE of a claim or lawsuit filed on his or her behalf, or on behalf of any Eligible Dependent for an Injury or Illness. The Subscriber, Eligible Dependent or an authorized representative shall contact BCBSNE prior to settling any claim or lawsuit to obtain an updated itemization of its subrogation Claim or reimbursement amount due. Upon receiving any proceeds, the Subscriber, Eligible Dependent or an authorized representative must hold such proceeds in trust until such time as the proceeds can be transferred to BCBSNE. The party holding the funds that rightfully belong to BCBSNE shall not interrupt or prejudice BCBSNE's recovery of such payments.

Costs incurred in enforcing these provisions shall also be recovered, including, but not limited to, attorneys' fees, litigation and court costs, and other expenses.

Workers' Compensation

Benefits are not available for Services provided for Injuries or Illnesses arising out of and in the course of employment, whether or not the Covered Person fails to assert or waives his or her right to Workers' Compensation or Employer Liability Law. The employer is required to furnish or pay for such Services or a settlement can be made, pursuant to Workers' Compensation laws. (See also the section of this book titled "Exclusions—What's Not Covered.")

If a Covered Person enters into a lump-sum settlement which include compensation for past or future medical expenses for an Injury or Illness, payment will not be made under the Group plan for Services related to that Injury or Illness.

Benefits are not payable for services determined to be not compensable due to noncompliance with terms, rules and conditions under Workers' Compensation laws, or in a Certified or otherwise Licensed Workers' Compensation Managed Care Plan. In addition, benefits are not payable for Services that are related to the work Injury or Illness, but are determined to be not necessary or reasonable by the employer or Workers' Compensation carrier.

In certain instances, benefits for such Services are paid in error under the Group health Plan. If payment is received by the Covered Person for such Services, reimbursement must be made. This reimbursement may be refunded from any recovery made from the employer, or the employer's Workers' Compensation carrier, as permitted by law. Reimbursement must be made directly by the Subscriber when benefits are paid in error due to his or her failure to comply with the terms, rules and conditions of Workers' compensation laws, or a Certified or Licensed Workers' Compensation Managed Care Plan.

Legal Actions

The Subscriber cannot bring a legal action to recover under the Contract for at least 60 days after written proof of loss is given to Us. The Subscriber cannot start a legal action after three years from the date written proof of loss is required.

Your ERISA Rights

If your Group health Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as a participant in this Group health Plan, you are entitled to certain rights and protections under this law.

ERISA provides that all plan participants shall be entitled to:

Receive Information About Your Plan and Benefits

- Examine, without charge, at the Plan Administrator's office and at other specified locations, all documents governing the plan, including insurance contracts, and collective bargaining agreements, and a copy of the latest annual report filed by the Plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- Obtain, upon written request to the Plan Administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements, copies of the latest annual report and updated summary plan description. The Plan Administrator may make a reasonable charge for the copies.
- Receive a summary of the plan's annual financial report. The Plan Administrator is required by law to furnish each participant with a copy of this summary annual report.

Continue Group Health Plan Coverage

- Continue health coverage for yourself, spouse or dependents if there is a loss of coverage under the Plan as a result of a Qualifying Event (COBRA). You or your dependents may have to pay for such coverage. Review your Summary Plan Description and the documents governing the Plan for the rules regarding your COBRA continuation rights.
- Receive a certificate of creditable coverage, free of charge, from your Group health Plan or health insurer when you lose coverage under the plan, when you become entitled to elect COBRA continuation coverage, when your COBRA continuation coverage ceases, if you request it before losing coverage, or if you request it up to 24 months after losing coverage.

Prudent Actions By Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your plan, called “fiduciaries” of the plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries.

No one, including your employer or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforce Your Rights

- If your Claim for a benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.
- Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of the plan documents or the latest annual report from the Plan and do not receive them within 30 days, you may file suit in a federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay you up to \$110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator.
- If you have a Claim or benefits which is denied or ignored in whole or in part, you may file suit in a state or federal court. If you disagree with the Plan’s decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan’s money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor or you may file suit in a federal court. The court will decide who should pay these costs and fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs or fees, for example, if it finds your Claim is frivolous.

Assistance With Your Questions

If You have any questions about your plan, you should contact the Plan Administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the Plan Administrator, you should contact the nearest area office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory, or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington, D.C. 20210.

You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.
