

An Innovative Way to Access Health Care 24/7/365!

Blue Cross and Blue Shield of Nebraska (BCBSNE) believes in the importance of providing options to help you access affordable and immediate health care. That is why we are delighted to offer telehealth to our members.

Telehealth Services

How does it work?

Telehealth is an innovative patient consultation service that lets you connect with a U.S. board-certified, licensed and credentialed doctor quickly and easily using your computer, tablet or phone. It's easy to use, affordable, private and secure.

Rather than having to schedule a doctor's appointment and travel to and from the doctor's office, telehealth lets you interact with a doctor at your convenience for common conditions, such as:

- Sinus infection
- Cold
- Flu
- Fever
- Rash
- Abdominal pain
- Pinkeye
- Ear infection
- Migraine
- Sore throat

Behavioral Health Services Also Available

With telehealth behavioral health services, Amwell's licensed therapists can provide treatment for the following conditions:

- Anxiety
- Depression
- Attention deficit hyperactivity disorder (ADHD)
- Obsessive-compulsive disorder (OCD)
- Trauma/Post-traumatic stress disorder (PTSD)
- Bereavement
- Panic attacks
- Stress
- And more

Therapists are available by appointment from 7 a.m. to 11 p.m. local time, seven days per week.

Board-Certified Doctors

Who provides telehealth services?

Blue Cross and Blue Shield of Nebraska provides telehealth services through American Well®, also known as Amwell, the industry's leader in telehealth solutions. With Amwell, you can register for free, and the cost per visit is less than the cost of an in-person doctor office visit.

Amwell offers:

- A choice of trusted, U.S. board-certified doctors
- Access to a licensed physician via computer, tablet or phone
- Consultation and diagnosis for common conditions, including e-prescriptions to your pharmacy of choice (when appropriate and where allowed*)

Convenient and Easy

You never know when you may need a doctor.

Telehealth can be used any time, day or night. It's perfect when your doctor's office is closed, you're too sick or busy to see someone in person, or even when you're traveling.
