

A Health and Dental Plan Exclusively for Educators Health Alliance Direct Bill Plan Members

The EHA makes four health and dental plan options available to direct bill plan members. See the Schedule of Benefits Summaries (SOBS) on the following pages for a brief overview of the benefits of each option.

Important Note about Non-creditable Health Plan Option 4

The Blue Cross and Blue Shield of Nebraska \$4,000 deductible HSA-eligible retiree health coverage plan prescription drug benefit is, on average for all plan participants, not expected to pay out as much as standard Medicare prescription drug coverage pays. Therefore, this coverage is considered non-creditable coverage. This is important because it may mean individuals with the \$4,000 deductible HSA-eligible retiree health coverage plan may pay a higher premium (a penalty) if they do not join a Medicare drug plan when they first become eligible. For more information, visit www.medicare.gov.

OPTION 1

Schedule of Benefits Summary

Covered Services are reimbursed based on the Allowable Charge. Blue Cross and Blue Shield of Nebraska In-network Providers have agreed to accept the benefit payment as payment in full, not including Deductible, Coinsurance and/or Copayment amounts and any charges for non-covered services, which are the Covered Person's responsibility. That means In-network providers, under the terms of their contract with Blue Cross and Blue Shield, can't bill for amounts over the Contracted Amount. Out-of-network Providers can bill for amounts over the Out-of-network Allowance.

| Payments for Services | In-Network Provider | Out-of-Network Provider |
|--|---------------------|-------------------------|
| In-network Provider: The provider network is shown on your I.D. card. For help in locating In-network Providers, visit www.nebraskablue.com. | | |

| Individual | \$4,650 | \$9,300 |
| Family | \$9,300 | \$18,600 |

Once the annual Out-of-pocket Limit is reached, most Covered Services are payable by the plan at 100% for the rest of the Calendar Year. In-network and Out-of-network Deductible and Out-of-pocket Limits are separate and do cross accumulate. All other limits (days, visits, sessions, dollar amounts, etc.) do cross accumulate between In-network and Out-of-network, unless noted differently.

*Embedded – If you have single coverage, you only need to satisfy the individual Deductible and Out-of-pocket Limit amounts. If you have family coverage, no one family member contributes more than the individual amount. Family members may combine their covered expenses to satisfy the required family Deductible and Out-of-pocket amounts.

- Deductible
- Coinsurance

The Deductible must be met each Calendar Year before Copays and Coinsurance are applicable.

Please note: This Schedule of Benefits Summary is intended to provide you with a brief overview of your benefits. It is not a contract and should not be regarded as one. For more complete information about your plan, including benefits, exclusions and contract limitations, please refer to the master group contract. In the event there are discrepancies between this document and the contract, the terms and conditions of the contract will govern.

^{*}Aggregate — If you have single coverage, you only need to satisfy the individual Deductible and Out-of-pocket Limit. If you have family coverage the individual amounts do not apply - the entire family Deductible must be met prior to any benefits becoming available, and the entire family Out-of-pocket must be met before cost-sharing no longer applies. Family members may combine their covered expenses to satisfy the required family Deductible and Out-of-pocket amounts.

OPTION 4

(HSA-eligible, Non-creditable)

Schedule of Benefits Summary

Covered Services are reimbursed based on the Allowable Charge. Blue Cross and Blue Shield of Nebraska In-network Providers have agreed to accept the benefit payment as payment in full, not including Deductible, Coinsurance and/or Copayment amounts and any charges for non-covered services, which are the Covered Person's responsibility. That means In-network providers, under the terms of their contract with Blue Cross and Blue Shield, can't bill for amounts over the Contracted Amount. Out-of-network Providers can bill for amounts over the Out-of-network Allowance.

| Payments for Services | In-Network Provider | Out-of-Network Provider | | | |

| Family | \$12,700 | \$25,400 | | | |

Once the annual Out-of-pocket Limit is reached, most Covered Services are payable by the plan at 100% for the rest of the Calendar Year. In-network and Out-of-network Deductible and Out-of-pocket Limits are separate and do cross accumulate. All other limits (days, visits, sessions, dollar amounts, etc.) do cross accumulate between In-network and Out-of-network, unless noted differently.

*Embedded – If you have single coverage, you only need to satisfy the individual Deductible and Out-of-pocket Limit amounts. If you have family coverage, no one family member contributes more than the individual amount. Family members may combine their covered expenses to satisfy the required family Deductible and Out-of-pocket amounts.

Copayment(s) (copay(s)) apply to:

• This plan has no medical or prescription drug copays

The Copay amount varies by the type of Covered Service. Refer to the appropriate category for benefit information.

Out-of-pocket Limit includes:

- Deductible
- Coinsurance

The Deductible must be met each Calendar Year before Copays and Coinsurance are applicable.

What is a PPO?

A PPO, or preferred provider organization, is a special arrangement between an insurer and a network of hospitals, doctors and other types of providers to pay for health care services. As a result of these special arrangements, you save money, because in most cases, you pay less in deductible and coinsurance when you use PPO network providers. If you go outside the network for medical care, you'll pay more money out of pocket.

Your PPO Network in Nebraska

In Nebraska, your PPO network is called NEtwork BLUE and it's made up of 95% of Nebraska's doctors and 100% of the state's non-governmental acute care hospitals. That makes obtaining in-network care easy and convenient.

NEtwork BLUE providers have agreed to accept our benefit payment for covered services as payment in full, except for any deductible, copays and coinsurance amounts and charges for noncovered services, which are your responsibility. That means NEtwork BLUE providers, under the terms of their contract with us, can't bill you for amounts over our benefit allowance. Out-of-network providers can bill you for amounts in excess of the payable amount under the contract.

NEtwork BLUE providers also file your claims for you, meaning you have less paperwork to worry about. And as an additional time-saving convenience for you, we send our benefit payment directly to in-network providers.

The BlueCard® Program: Your National PPO Network

You have access to a national Blue Cross and Blue Shield PPO network called the BlueCard Program.

To access your benefits wherever you are, all you have to do is use hospitals and doctors in the local Blue Cross and Blue Shield Plan's BlueCard PPO provider network. When you do, you also enjoy the discount and claim filing agreements Blue Cross and Blue Shield Plans across the country have negotiated with the BlueCard doctors and hospitals in their area.

It's easy to locate in-network providers wherever you are.

Calendar Year Deductible

Options 1 and 2

If you're covered under a single membership, you must satisfy one individual deductible each calendar year. The family deductible is equal to two times the individual deductible. Family members may combine their covered expenses to satisfy the required deductible amount. No one family member pays more than the individual deductible amount.

If you don't meet your deductible in a given year, covered charges incurred during October, November and December of that year may be carried over and applied toward the following year's deductible.

Option 3 (HSA-eligible \$3,500 deductible)

If you're covered under a single membership, you must satisfy one individual deductible each calendar year. This plan requires satisfaction of an aggregate family deductible. Aggregate deductible means that if you have family, retiree/spouse or retiree/children coverage, the entire family deductible must be met prior to any benefits becoming available. Family members may combine their covered expenses to satisfy the required family deductible.

Option 4 (HSA-eligible \$4,000 deductible)

If you're covered under a single membership, you must satisfy one individual deductible each calendar year. The family deductible is equal to two times the individual deductible. Family members may combine their covered expenses to satisfy the required deductible amount. No one family member pays more than the individual deductible amount.

Coinsurance and Your Calendar Year Out-of-Pocket Limit

Options 1, 2 and 4

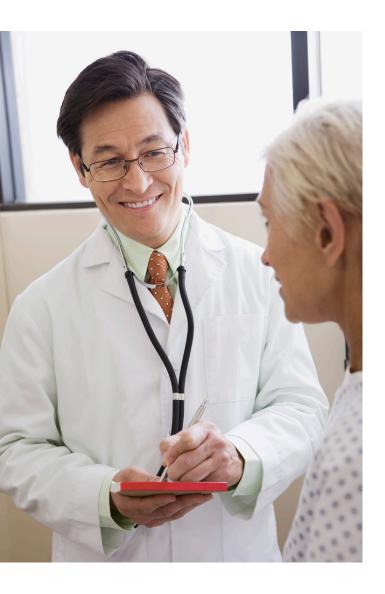

The out-of-pocket limit is the maximum amount of cost-sharing each covered person must pay in a calendar year before benefits are payable without application of a cost-share amount. The out-of-pocket limit includes deductible, coinsurance and copayment amounts for medical and pharmacy services. Once you reach your out-of-pocket limit, you pay nothing for most covered services for the rest of the calendar year.

Under family membership, family members may combine their covered expenses to satisfy the required family out-of-pocket limit. No one family member contributes more than the individual out-of-pocket limit.

Option 3 (HSA-eligible \$3,500 deductible)

After you meet your calendar year deductible, you are responsible for paying a certain percentage of covered charges (called "coinsurance") for out-of-network providers, until you reach your out-of-pocket limit. Once you reach your out-of-pocket limit, you pay nothing for most covered services for the rest of the calendar year.

Under this plan's family membership, the entire out-ofnetwork aggregate family out-of-pocket limit must be met before benefits for covered services are paid at 100% of the allowable charge. Family members may combine their covered expenses to satisfy the required out-of-pocket limit.

Under all EHA options, prescription drug benefits are subject to limitations and exclusions. Please refer to your certificate of coverage and schedule of benefits summary for more information.

Benefits for Preventive Services

Preventive services benefits are available under all EHA health plan options. When a network provider is used, benefits are paid at 100% of the allowable charge (deductible and coinsurance are waived).*

Benefits are available for (but not limited to) the following covered services:

- Office visits, well woman visits, and periodic exams to determine physical development
- Radiology/X-ray/pathology/lab
- Mammograms and Pap smears
- Immunizations (including pediatric**)
- Colorectal cancer screenings and related services
- Cardiac stress tests
- Hearing exams
- Contraceptive methods, as well as contraceptive prescriptions for women (most paid at 100%)
- Breast pumps and supplies, as well as counseling for breastfeeding
- Developmental/autism screening for infants, children, and adolescents

*Preventive benefits may be subject to age, gender and frequency limits. Preventive services benefits outside these limits, as well as services received out-of-network, are subject to the plan's applicable deductible and coinsurance, unless otherwise stated. For a list of the preventive services mandated under the Patient Protection and Affordable Care Act (PPACA), along with their corresponding age, gender and frequency limits, please visit nebraskablue.com/preventivecare.

**Deductible (if applicable) is waived for out-of-network pediatric immunizations.

Office Visit Exam Copay

Options 1 and 2 Only

When you go to an in-network doctor, you pay a copay for a diagnostic (non-routine) office visit exam (does not apply to mental illness/substance abuse office visits). X-ray and lab charges and any tests or services the doctor may order will be subject to deductible and coinsurance. Refer to the charts at the beginning of this booklet for your plan's copay amount.

To locate participating Rx Nebraska pharmacies nationwide, call toll-free 1-877-800-0746.

Options 1 and 2

Your coverage is based on Blue Cross and Blue Shield of Nebraska's (BCBSNE) drug formulary. A formulary is a list of generic and brand name prescription medications. Your prescription drug benefits are divided into four tiers: generic drugs, formulary brand drugs that are in the formulary, non-formulary brand name drugs that are not in the formulary, and specialty drugs. The coinsurance amount you pay for up to a 30-day supply of a covered prescription drug depends on what tier your medication is in.

Refer to pages 7 and 12 for further details.

To review the drug formulary online, go to
www.nebraskablue.com/druglist or call our Member
Services Department at the number on the back of your
BCBSNE member ID card.

Option 3 and 4 (HSA-Eligible Plans)

With option 3, your prescription drug benefits are subject to your plan's in-network deductible.

With Option 4, your prescription drug benefits are subject to your plan's in-network deductible and coinsurance.

When you use a participating Rx Nebraska pharmacy, you'll automatically receive a special pre-negotiated discount on most of your prescription drugs. (The actual discount you receive depends on the pharmacy and the type of drug you purchase.)

Using Your Prescription Drug Benefits

To use your prescription drug benefits, take your Blue Cross and Blue Shield of Nebraska member ID card and your prescription to an Rx Nebraska participating pharmacy and pay the applicable coinsurance amount.

Please note: To be considered in-network, specialty drugs must be purchased through a designated specialty pharmacy. One of BCBSNE's designated specialty pharmacies is Prime Therapeutics Specialty Pharmacy. For more information, please refer to the Prime Therapeutics Specialty Pharmacy brochures.

Whenever appropriate, generic drugs will be used to fill your prescriptions. If you prefer a brand name drug, you will be responsible for the difference in cost plus the applicable coinsurance amount.

If you have to file a claim (for example, if you have the prescription filled at a non-participating pharmacy, or if you don't present your card at a participating pharmacy), you will be reimbursed for the cost of the drug less the applicable coinsurance amount and a 25% penalty. Prescription drug coinsurance amounts do not apply toward the health plan's deductible or coinsurance maximum, but do apply toward the calendar year prescription drug out-of-pocket maximum. Benefit amounts paid by the health plan for all prescription drug claims will be applied to your overall contract benefit maximum.

Using Your Mail Service Pharmacy Benefit

If you use the PrimeMail® Mail Service Pharmacy Program, you may order up to a 180-day supply of a covered medication at one time (if allowed by your prescription). The minimum and maximum coinsurance amounts apply per 30-day supply, with a maximum of five times the amount per 180-day supply.

Please note: If you are ordering a 180-day supply, make sure the prescription is written for a <u>180-day supply</u>, not <u>including refills</u>. For questions regarding available medications, please call PrimeMail at 1-877-357-7463.

Late and Special Enrollment

A "late enrollee" is defined as an employee or dependent for whom coverage is not requested within 31 days of his or her initial eligibility or during a special enrollment period. No late enrollees are accepted into the Direct Bill Program. Depending on your eligibility, other enrollment restrictions may apply. For further information, please contact our Member Services Department.

Your eligible dependents are not considered late enrollees if:

- your dependent was covered under other qualifying previous coverage at the time of your initial eligibility for this group coverage; and
- your dependent lost coverage under the qualifying previous coverage as a result of: termination of employment; termination of eligibility; involuntary termination of the qualifying previous coverage; death of a spouse; divorce of a spouse; and
- your eligible dependent requests enrollment within 31 days after termination of qualifying previous coverage; or within 60 days of the loss of Medicaid or SCHIP coverage

Types of Enrollment

Single Membership: Covers the employee only.

Employee and Spouse: Covers the employee and his/her spouse.

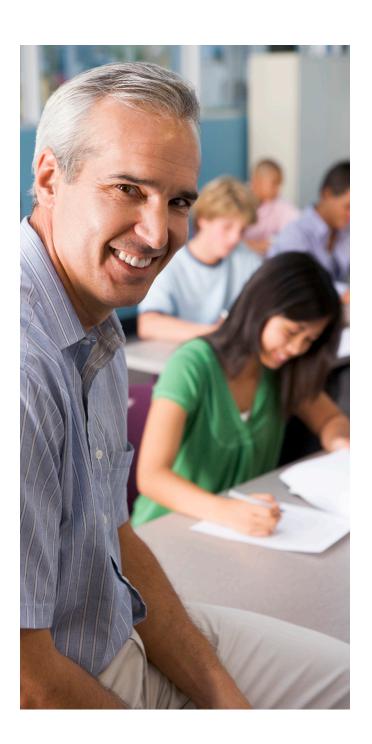

Employee and Child(ren): Covers the employee and eligible dependent children, but does not provide coverage for a spouse

Family Membership: Covers the employee, spouse, and eligible dependent children.

The employee's dependent children (excluding foster children) are covered to age 26. Reaching age 26 will not end the covered child's coverage as long as the child is and remains both incapable of self-sustaining employment by reason of mental or physical handicap and dependent upon the subscriber for support and maintenance.

Allowable Charge

Payment is based on the allowable charge for a covered service. Generally, the allowable charge for services by in-network providers will be the contracted amount. The allowable charge for services by out-of-network providers will be based on the contracted amount for Nebraska providers or an amount determined by the onsite Plan for out-of-network providers.

What is an HSA?

Direct Bill Options 3 and 4 are HSA-eligible health plans. HSA stands for "Health Savings Account." An HSA is a special tax-exempt account established through a qualified financial institution to pay for medical expenses.

In general, any individual who is covered under a "high deductible health plan" is eligible to establish an HSA. To qualify as a high deductible health plan, the plan must satisfy certain requirements with respect to deductibles and out-of-pocket expenses.

Funds in an HSA may be used to pay qualified medical expenses not reimbursed by insurance. Examples include deductibles and coinsurance, eye exams, glasses, contacts, dental services, prescription drugs, and qualified long term care insurance premiums. Withdrawals for other purposes are taxable and, for individuals who are not disabled or over age 65, subject to a 20% penalty.

Please note: HSA deductible and coinsurance maximums may be increased annually to conform with cost of living adjustments permitted by Section 223 of the Internal Revenue Code and subsequent amendments.

The BCBSNE \$4,000 deductible HSA-eligible retiree health coverage plan prescription drug benefit is, on average for all plan participants, not expected to pay out as much as standard Medicare prescription drug coverage pays. Therefore, this coverage is considered non-creditable coverage. This is important because it may mean individuals with the \$4,000 deductible HSA-eligible retiree health coverage plan may pay a higher premium (a penalty) if they do not join a Medicare drug plan when they first become eligible. For more information, visit www.medicare.gov.

Schedule of Benefits Summary

Covered Services are reimbursed based on the Allowable Charge. BlueCross and BlueShield of Nebraska In-Network Providers have agreed to accept the benefit payment as payment in full, not including deductible, coinsurance and/or copay amounts and any charges for non-covered services, which are the Covered Person's responsibility. That means that In-Network providers, under the terms of their contract with BlueCross and BlueShield, can't bill for amounts over the Contracted Amount. Out-of-Network Providers can bill for amounts over the Out-of-Network Allowance.

| Payments for Services | In-Network Provider | Out-of-Network Provider | | |
|---|---------------------|-------------------------|--|--|
| Deductible (the amount the covered person pays each calendar year for combined covered services before the coinsurance is payable) | | | | |
