

An Overview of Your
Health Care and Prescription Drug Benefits
Educators Health Alliance

EHA Health Plan Option 1

| | In-Network | Out-of-Network |
|--|---|---|
| Calendar year deductible | | |
| Individual | \$600 | \$1,200 |
| Family | \$1,200 | \$2,400 |
| Calendar year out-of-pocket limit | | |
| Individual | \$4,350 | \$8,700 |
| Family | \$8,700 | \$17,400 |
| Coinsurance (the amount you pay for most covered services after satisfaction of the calendar year deductible) | 20% of allowable charges | 40% of allowable charges |
| Physician office visit exam | Primary care physician: \$30 copay Specialist: \$50 copay Urgent Care: \$50 copay, then deductible & coinsurance | Subject to deductible and 40% coinsurance |
| Preventive services | Benefits for covered services paid at 100%, subject to age, gender and frequency limits. Refer to page 10 for additional information. | Subject to deductible and 40% coinsurance |
| Inpatient and outpatient mental illness and/or substance abuse treatment | Subject to deductible and 20% coinsurance | Subject to deductible and 40% coinsurance |
| Emergency care services | Facility: \$75 copay, then deductible and coinsurance Professional: deductible and coinsurance | Same as in-network level of benefits |

Prescription Drug Benefits

| Tier | Classification | Copay/Coinsurance per 30-day Supply | | Out-of-Pocket minimums and maximums per prescription | |
|---|-------------------------------|-------------------------------------|--|--|-------------------------------|
| | | In-Network | Out-of-Network | | |
| 1 | Generic drugs | 25% | 25% + 25% penalty | \$5 minimum / \$25 maximum* | |
| 2 | Formulary brand name drugs | 25% | 25% + 25% penalty | \$40 minimum / \$80 maximum* | |
| 3 | Nonformulary brand name drugs | 50% | 50% + 25% penalty | \$70 minimum / \$110 maximum* | |
| 4 | Specialty drugs** | 25% | 50% | In-Network | Out-of-Network |
| | | | | \$60 minimum / \$120 maximum | \$170 minimum / \$340 maximum |
| Insulin, Diabetic and Ostomy Supply Benefits | | | | | |
| Member Coinsurance per 30-day supply | | | | | |
| | | In-Network | | Out-of-Network | |
| Insulin and diabetic supplies | | | | | |
| Generic and formulary | | 20% | | 20% + 25% penalty | |
| Nonformulary | | 30% | | 30% + 25% penalty | |
| Ostomy supplies | | 20% | | 20% + 25% penalty | |
| Calendar Year Prescription Drug Out-of-Pocket Maximums | | | | | |
| Per individual - Combined with medical coinsurance/copay maximums | | | Once the applicable out-of-pocket maximum is reached, you pay nothing for covered prescription drugs for the remainder of the calendar year. | | |
| Family maximum - Combined with medical coinsurance/copay maximums | | | | | |

*Does not include 25% out-of-network penalty, if applicable.

** To be considered in-network specialty drugs must be purchased through a PrimeRX Specialty pharmacy.

EHA Health Plan Option 2

| | In-Network | Out-of-Network |
|--|---|---|
| Calendar year deductible | | |
| Individual | \$900 | \$1,800 |
| Family | \$1,800 | \$3,600 |
| Calendar year out-of-pocket limit | | |
| Individual | \$4,650 | \$9,300 |
| Family | \$9,300 | \$18,600 |
| Coinsurance (the amount you pay for most covered services after satisfaction of the calendar year deductible) | 20% of allowable charges | 40% of allowable charges |

What is a PPO?

A PPO, or preferred provider organization, is a special arrangement between an insurer and a network of hospitals, doctors and other types of providers to pay for health care services. As a result of these special arrangements, you save money, because in most cases, you pay less in deductible and coinsurance when you use PPO network providers. If you go outside the network for medical care, you'll pay more money out of pocket.

Your PPO Network in Nebraska

In Nebraska, your PPO network is called NEtwork BLUE and it's made up of 91% of Nebraska's doctors and 100% of the state's hospitals and medical facilities. That makes obtaining in-network care easy and convenient.

NEtwork BLUE providers have agreed to accept our benefit payment for covered services as payment in full, except for any deductible, copays and coinsurance amounts and charges for noncovered services, which are your responsibility. That means that NEtwork BLUE providers, under the terms of their contract with us, can't bill you for amounts over our benefit allowance. Out-of-network providers can bill you for amounts in excess of the payable amount under the contract.

NEtwork BLUE providers also file your claims for you, meaning you have less paperwork to worry about. And as an additional time-saving convenience for you, we send our benefit payment directly to in-network providers.

The BlueCard® Program: Your National PPO Network

You have access to a national Blue Cross and Blue Shield PPO network called the BlueCard Program.

To access your benefits wherever you are, all you have to do is use hospitals and doctors in the local Blue Cross and Blue Shield Plan's BlueCard PPO provider network. When you do, you also enjoy the discount and claim filing agreements Blue Cross and Blue Shield Plans across the country have negotiated with the BlueCard doctors and hospitals in their area.

It's easy to locate in-network providers wherever you are.

Calendar Year Deductible

Please note: If a school district changes September 1 to a new plan with a higher deductible, that new deductible will apply to all claims incurred between September 1 and December 31, and then must be satisfied again for the next calendar year starting January 1.

All Options Except HSA-Eligible Plans

If you're covered under a single membership, you must satisfy one individual deductible each calendar year. The family deductible is equal to two times the individual deductible. Family members may combine their covered expenses to satisfy the required deductible amount. No one family member pays more than the individual deductible amount.

If you don't meet your deductible in a given year, covered charges incurred during October, November and December of that year may be carried over and applied toward the following year's deductible.

Option 5 (HSA-Eligible Plan)

If you're covered under a single membership, you must satisfy one individual deductible each calendar year. The family deductible is equal to two times the individual deductible. Family members may combine their covered expenses to satisfy the required deductible amount. No one family member pays more than the individual deductible amount.

Option 7 (HSA-Eligible Plan)

If you're covered under a single membership, you must satisfy one individual deductible each calendar year. This plan requires satisfaction of an aggregate family deductible. Aggregate deductible means that if you have family coverage, the entire family deductible must be met prior to any benefits becoming available. Family members may combine their covered expenses to satisfy the required family deductible.

Coinsurance and Your Calendar Year Out-of-Pocket Limit

Options 1-6

The out-of-pocket limit is the maximum amount of cost-sharing each covered person must pay in a calendar year before benefits are payable without application of a cost-share amount. The out of pocket includes deductible, coinsurance and copayment amounts for medical and pharmacy services. Once you reach your out-of-pocket limit, you pay nothing for most covered services for the rest of the calendar year.

Under family membership, family members may combine their covered expenses to satisfy the required family out-of-pocket. No one family member contributes more than the individual out-of-pocket amount.

Option 7 (HSA-Eligible Plan)

After you meet your calendar year deductible, you are responsible for paying a certain percentage of covered charges (called "coinsurance") for out-of-network providers, until you reach your out-of-pocket limit. Once you reach your out-of-pocket limit, you pay nothing for most covered services for the rest of the calendar year.

Under this plan's family membership, the entire out-of-network aggregate family out-of-pocket limit must be met before benefits for covered services are paid at 100% of the allowable charge. Family members may combine their covered expenses to satisfy the required out-of-pocket limit.

Benefits for Preventive Services

Preventive services benefits are available under all EHA health plan options. When a network provider is used, benefits are paid at 100% of the allowable charge (deductible and coinsurance are waived).*

Benefits are available for (but not limited to) the following covered services:

- Office visits, well woman visits, and periodic exams to determine physical development
- Radiology/X-ray/pathology/lab
- Mammograms and Pap smears
- Immunizations (including pediatric**)
- Colorectal cancer screenings and related services
- Cardiac stress tests
- Hearing exams
- Contraceptive methods, as well as contraceptive prescriptions for women (most paid at 100%)
- Breast pumps and supplies, as well as counseling for breastfeeding (most paid at 100%)
- Developmental/autism screening for infants, children, and adolescents

**Preventive benefits may be subject to age, gender and frequency limits. Preventive services benefits outside these limits, as well as services received out-of-network, are subject to the plan's applicable deductible and coinsurance, unless otherwise stated. For a list of the preventive services mandated under the Patient Protection and Affordable Care Act (PPACA), along with their corresponding age, gender and frequency limits, please visit nebraskablue.com/preventivecare.*

***Deductible (if applicable) is waived for out-of-network pediatric immunizations.*

Office Visit Exam Copay

Not applicable to the HSA-eligible Plans (Options 5 and 7)

When you go to an in-network doctor, you pay a copay for a diagnostic (non-routine) office visit exam (does not apply to mental illness/substance abuse office visits). X-ray and lab charges and any tests or services the doctor may order will be subject to deductible and coinsurance. Refer to charts on pages 1-6 for your plan's copay amount.

Prescription Drug Coverage

To locate participating Rx Nebraska pharmacies nationwide, call toll-free 1-877-800-0746.

Options 1 through 4 and Option 6

Your coverage is based on Blue Cross and Blue Shield of Nebraska's (BCBSNE) drug formulary. A formulary is a list of generic and brand name prescription medications. Your prescription drug benefits are divided into four tiers: generic drugs, formulary brand drugs that are in the formulary, nonformulary brand name drugs that are not in the formulary, and specialty drugs. The coinsurance amount you pay for up to a 30-day supply of a covered prescription drug depends on what tier your medication is in. Refer to the charts on pages 1 through 6 for further details. To review the drug formulary online, go to www.nebraskablue.com/druglist or call our Member Services Department at the number on the back of your BCBSNE member ID card.

Options 5 and 7

Your prescription drug benefits are subject to your plan's in-network deductible and coinsurance.

Using Your Prescription Drug Benefits

To use your prescription drug benefits, take your Blue Cross and Blue Shield of Nebraska ID card and your prescription to an Rx Nebraska participating pharmacy and pay the applicable coinsurance amount.

Please note: To be considered in-network, specialty drugs must be purchased through a designated specialty pharmacy. One of BCBSNE's designated specialty pharmacies is Prime Therapeutics Specialty Pharmacy. For more information, please refer to the Prime Therapeutics Specialty Pharmacy brochure.

If you have to file a claim (for example, if you have the prescription filled at a non-participating pharmacy, or if you don't present your card at a participating pharmacy), you will be reimbursed for the cost of the drug less the applicable coinsurance amount and a 25% penalty. Prescription drug coinsurance amounts do apply toward the health plan's calendar year out-of-pocket limit.

Please note: The formulary is revised on a regular basis. www.nebraskablue.com/druglist provides you with the most up-to-date version.

When you use a participating Rx Nebraska pharmacy, you'll automatically receive a special pre-negotiated discount on most of your prescription drugs. (The actual discount you receive depends on the pharmacy and the type of drug you purchase.)

Here's What's Covered Under Your Rx Nebraska Plan

- Drugs requiring a prescription, either by state or federal law, written by a qualified physician or dentist (except those items listed in the next section). Certain drugs may be subject to quantity maximums as determined by Blue Cross and Blue Shield of Nebraska.
- Injectables.
- Insulin and other diabetic supplies, including needles, syringes, test strips and lancets (also covered under health).
- Prescription vitamins (including pre-natal).
- Oral contraceptives (including transdermal patch).
- Human immunodeficiency virus (HIV) medications.
- Anti-rejection medications.
- Compound medications containing at least one prescription ingredient (restrictions may apply).
- Topical retinoids, through age 40.*

* After reaching age maximum, preauthorization required.

These Drugs Are Not Covered Under Your Rx Nebraska Plan

- Over-the-counter medications.
- Diet or appetite suppressants.
- Dietary supplements.
- Prescription drugs purchased in a foreign country (except while living abroad or in medical emergencies while traveling).
- Medications, services or drugs that are not cost effective compared to established alternatives.
- Experimental/investigational drugs.
- Fertility medications.
- Erectile dysfunction agents.
- Topical Minoxidil (Rogaine).
- Health or beauty aids; cosmetic alteration drugs, including Renova.

Note: This is a partial list of what is covered and not covered under your plan. For a complete list, please refer to the certificate of coverage or the master group contract.

Getting Your Prescription Filled

Take your prescription and your Blue Cross and Blue Shield of Nebraska member ID card to a participating Rx Nebraska pharmacy. You'll pay the pharmacist the applicable coinsurance amount (refer to your plan on pages 1-7).

Please note: Whenever appropriate, generic drugs will be used to fill your prescriptions. If you prefer a brand name drug, you will be responsible for the difference in cost plus the applicable coinsurance.

Using Your Mail Service Pharmacy Benefit

If you use the PrimeMail® Mail Service Pharmacy Program, you may order up to a 180-day supply of a covered medication at one time (if allowed by your prescription). The minimum and maximum coinsurance amounts shown in the charts on pages 1-7 apply per 30-day supply, with a maximum of five times the amount per 180-day supply.

Please note: If you are ordering a 180-day supply, make sure the prescription is written for a 180-day supply, not including refills. For questions regarding available medications, please call PrimeMail at 877-357-7463.

The Prescription Drug Preauthorization Program

As part of our efforts to address the serious issue of escalating costs and continue to provide you with access to quality and cost-effective pharmacy care, Blue Cross and Blue Shield of Nebraska requires that benefits for certain prescription drugs be preauthorized.

Gastroprotective NSAIDs

This program manages the use of costly gastroprotective NSAIDs used to treat inflammation and reduce pain. These drugs work the same as drugs such as naproxen and ibuprofen.

Patients whose medical history and current medical condition do not indicate that use of a gastroprotective NSAID is required need to try a traditional NSAID first. Benefits for gastroprotective NSAIDs will be available if the patient's medical condition warrants it.

Proton Pump Inhibitors (PPIs)

PPIs are used to help reduce stomach acid and provide relief from the symptoms of heartburn, ulcers, and gastroesophageal reflux disease (GERD).

For benefits to be considered for the formulary brand medication Nexium, members must first use a prescription generic formulary PPI. For benefits to be considered for a non-formulary PPI, members must first use three formulary PPIs. Benefits for generic formulary PPIs do not require preauthorization.

If You Go to a Nonparticipating Pharmacy

If you have your prescription filled at a nonparticipating pharmacy, you must pay the pharmacist the entire cost of the prescription, then file a claim with Blue Cross and Blue Shield of Nebraska (with the itemized statement attached). Reimbursement for prescriptions filled at a nonparticipating pharmacy will be based on the standard discounted cost of the drug at a participating pharmacy minus the applicable coinsurance amount and a 25% penalty. Rx Nebraska claim forms are available at www.nebraskablue.com/claimforms or by calling our Member Services Department at the number on the back of your BCBSNE member ID card.

Before Your Member ID Card Arrives

Between the time you enroll in the plan and the time you receive your Blue Cross and Blue Shield of Nebraska member ID card, you may find you need to get a prescription filled. Rx Nebraska benefits are available to you, but you'll need to pay the participating pharmacist the full amount, then file a claim (with the itemized statement attached). You will be reimbursed, minus your applicable coinsurance amount. Please indicate on the claim form that you haven't received your member ID card yet. Rx Nebraska claim forms are available at www.nebraskablue.com/claimforms or by calling our Member Services Department at **1-877-721-2583**.

Please note: It is important that once you receive your member ID card you have it with you when you have your prescription filled at a participating pharmacy. If you don't have your card with you, you will be required to pay the pharmacist the entire cost of the drug and file a claim. You will be reimbursed as if you had gone to a nonparticipating pharmacy (see the previous section, "If You Go to a Nonparticipating Pharmacy.")

If You Have Questions

If you have questions about your Rx Nebraska benefits, call our Member Services Department at **1-877-721-2583**. You can also visit **www.nebraskablue.com/rxtools**.

Certification

Blue Cross and Blue Shield of Nebraska requires that all hospital stays, certain surgical procedures and specialized services and supplies be certified prior to receipt of such services or supplies. Ultimately, it is your responsibility to see that certification occurs; however, a hospital or provider may initiate the certification.

To initiate the certification process, Blue Cross and Blue Shield of Nebraska must be contacted by you, your family member, the physician, the hospital or someone acting on behalf of you or your family member.

The following services, supplies or drugs must be certified:

- Organ and tissue transplants;
- Pulmonary rehabilitation;
- Subsequent purchases of home medical equipment;
- Specified medications and/or quantities of medications;
- Skilled nursing care in the home;
- Skilled nursing facility care;
- Hospice care;
- All inpatient hospital admissions;
- Inpatient mental illness and/or substance abuse;
- Inpatient physical rehabilitation;
- Long term acute care; and
- Services subject to surgical preauthorization programs.

If certification requirements are not met, the following penalties may apply:

- Payable benefits may be reduced, and/or
- Benefits for all services may be denied.

Please note: Certification does not guarantee payment. All other group plan provisions apply, including copayments, deductibles, coinsurance, eligibility and exclusions.

**For certification of benefits, call
(402) 390-1870 or 1-800-247-1103.**

COMMITTED TO PROMOTING QUALITY CARE AND PATIENT SAFETY

Inpatient Hospital & Long Term Acute Care Benefits

Benefits are available for (but not limited to) the following covered services:

- Semiprivate room; cardiac and intensive care units; treatment rooms and equipment.
- Anesthesia.
- Respiratory care.
- FDA-approved drugs, intravenous solutions and vaccines administered in the hospital.
- Chemotherapy.
- Radiology, pathology and radiation therapy.
- Physical, occupational and speech therapy.
- Inpatient physical rehabilitation, subject to benefit precertification and certain requirements.
- Physician-ordered skilled nursing facility services, up to 60 days per calendar year; subject to medical necessity criteria.

Outpatient Hospital Benefits

Benefits for the services listed under “Inpatient Hospital and Long Term Acute Care Benefits” are also available (subject

to certain limitations) when they are received in a hospital outpatient department, emergency room or freestanding ambulatory surgical facility. In addition, benefits for outpatient cardiac and pulmonary rehabilitation are available, subject to preauthorization requirements and medical criteria.

Physician Benefits

Benefits are available for (but not limited to) the following covered services:

- Surgery and surgical assistance (for specified procedures).
- Anesthesia.
- Radiation therapy and chemotherapy.
- Radiology and pathology, including tissue exams and interpretation of Pap smears.
- Routine screening mammograms.
- Allergy tests and extracts.
- Physician home, office, inpatient and outpatient visits for diagnosis/treatment of an illness or injury.

Please note: Some physician services such as total knee replacement, total hip replacement, and back surgery require pre-authorization. For questions regarding specific procedures, please contact BCBSNE’s Member Services department at the number on the back of your BCBSNE member ID card.

Other Covered Services

- Ambulance services.
- Outpatient occupational therapy, physical therapy, speech therapy, cognitive training and chiropractic/osteopathic physiotherapy, up to a combined maximum of 60 sessions per calendar year.
- Chiropractic and osteopathic manipulative treatments, up to 30 sessions per calendar year.
- Inpatient and outpatient treatment of mental illness and/or substance abuse.*
- Rental/initial purchase (whichever costs less) of medically necessary home medical equipment ordered by a doctor. Limited benefits are available for the repair, maintenance and adjustment of purchased covered medical equipment.
- Diabetes outpatient self-management training and patient management; podiatric appliances.
- Services in accordance with the Women's Health and Cancer Rights Act, which requires that a group health plan providing medical and surgical benefits for mastectomies also provide benefits for breast reconstruction, prostheses and treatment of physical complications.

* *Inpatient is defined as a patient admitted to a hospital or other institutional facility for bed occupancy to receive services consisting of active medical and nursing care to treat conditions requiring continuous nursing intervention of such an intensity that it cannot be safely or effectively provided in any other setting.*

Outpatient is defined as a person who is not admitted for inpatient care, but is treated in the outpatient department of a hospital, in an observation room, in an ambulatory surgical facility, urgent care facility, a physician's office, or at home. Ambulance services are also considered outpatient.

Maternity & Newborn Coverage

Maternity coverage is available to subscribers and covered spouses and dependent daughters. If the employee is covered under a single membership, a newborn will be covered for a period of 31 days. Application for change to family coverage must be made within 31 days of birth to continue the baby's coverage.

Benefits for covered newborn care include hospital room and board, screening tests (including newborn hearing), physician services and other medically necessary treatment. Obstetrical benefits include prenatal and postnatal care. All covered charges incurred by a newborn from birth will be subject to a separate, individual calendar year deductible.

To learn more about our free maternity management program, please call 1-877-348-4329 or visit www.nebraskablue.com/maternitycare.

Oral Surgery Benefits

Benefits are available for (but not limited to) the following covered services:

- Removal of tumors and cysts.
- Bone grafts to the jaw.
- Osteotomies.
- Treatment of natural teeth due to an accident which occurs within 12 months of an injury not related to eating, biting or chewing.
- Medically necessary services for the treatment of TMJ and craniomandibular disorder.

Home Health Aide, Skilled Nursing Care and Hospice Benefits

The following covered services require benefit preauthorization. Limitations and exclusions apply.

Home health aide: When related to active medical treatment, benefits include personal services (e.g. bathing, feeding and performing necessary household duties). Benefits are subject to a 60-day per calendar year limit.

Skilled nursing care: Benefits are available for medically necessary physician-ordered care by a registered or licensed practical nurse, up to eight hours per day.

Hospice care: Benefits include Medicare-certified home health aide services for a terminally ill patient, including nursing services, respite care, medical social worker visits, crisis care and bereavement counseling. Limited benefits for inpatient hospice care are also available.

Organ and Tissue Transplant Benefits

Benefits are available for covered services associated with medically necessary organ and tissue transplants, including (but not limited to) liver, heart, lung, heart-lung, kidney, pancreas, pancreas-kidney and cornea. Limited benefits are also available for allogeneic/autologous bone marrow transplants for the specific conditions listed in the contract.

Noncovered Services

This brochure contains only a partial listing of the limitations and exclusions that apply to your health care coverage. A more complete list may be found in the master group contract or by referring to the certificate of coverage and schedule of benefits.

No benefits are available for the following:

- Audiological exams (except newborn); hearing aids and their fitting.
- Abortions (except to save the life of the mother).
- Blood, plasma, or services by or for blood donors.
- Eye exams, refractions, eyeglasses, contact lenses, eye exercises or visual training.
- Artificial insemination; invitro fertilization; fertility treatment, and related testing.
- Massage therapy.
- Treatment for weight reduction/obesity, including surgical procedures.
- Nutrition care, supplies, supplements or other nutritional substances, including Neocate, Vivonex and other over-the-counter infant formulas and supplements.
- Radial keratotomy or any other procedures/alterations of the refractive character of the cornea to correct myopia, hyperopia and/or astigmatism.
- Services we consider to be investigative, not medically necessary, experimental, cosmetic or obsolete.
- Services, drugs, medical supplies, devices or equipment that are not cost effective compared to established alternatives or that are provided for the convenience or personal use of the patient.
- Services provided before the coverage effective date or after termination.
- Services for illness or injury sustained while performing military service.
- Services for injury/illness arising out of or in the course of employment.
- Charges for services which are not within the provider's scope of practice.
- Charges in excess of our contracted amount.
- Charges made separately for services, supplies and materials we consider to be included within the total charge payable.

A more complete list of limitations and exclusions can be found in the master group contract or by referring to the certificate of coverage and schedule of benefits summary

Late Enrollment

A "late enrollee" is defined as an employee or dependent for whom coverage is not requested within 31 days of his or her initial eligibility or during a special enrollment period.

Late enrollees may enroll only during the annual enrollment period designated for the EHA health plan.

You or your eligible dependents are not considered late enrollees if:

- you and/or your dependent were covered under other qualifying previous coverage at the time of your initial eligibility for this group coverage; and
- you and/or your dependent lost coverage under the qualifying previous coverage as a result of: termination of employment; termination of eligibility; involuntary termination of the qualifying previous coverage; death of a spouse; divorce of a spouse; and
- you and/or your eligible dependent request enrollment within 31 days after termination of qualifying previous coverage; or within 60 days of the loss of Medicaid or SCHIP coverage; or
- your employer offers multiple health benefit plans and you or your eligible dependent have elected a different plan during an open enrollment period.

New Enrollees

A "new enrollee" is defined as a new employee who enrolls within 31 days of employment, and special enrollees who enroll in a timely manner.

Types of Enrollment

Single Membership: Covers the employee only.

Employee and Spouse: Covers the employee and his/her spouse.

Employee and Child(ren): Covers the employee and eligible dependent children, but does not provide coverage for a spouse.

Family Membership: Covers the employee, spouse, and eligible dependent children.

The employee's dependent children (excluding foster children) are covered to age 26. Reaching age 26 will not end the covered child's coverage as long as the child is and remains both incapable of self-sustaining employment by reason of mental or physical handicap and dependent upon the subscriber for support and maintenance.

Allowable Charge

Payment is based on the allowable charge for a covered service. Generally, the allowable charge for services by in-network providers will be the contracted amount. The allowable charge for services by out-of-network providers will be based on the contracted amount for Nebraska providers or an amount determined by the onsite Plan for out-of-network providers.

What is an HSA?

Options 5 and 7 are HSA-eligible health plans. An HSA is a special tax-exempt account established through a qualified financial institution to pay for medical expenses.

In general, any individual who is covered under a "high deductible health plan" is eligible to establish an HSA. To qualify as a high deductible health plan, the plan must satisfy certain requirements with respect to deductibles and out-of-pocket expenses.

Funds in an HSA may be used to pay qualified medical expenses not reimbursed by insurance. Examples include deductibles and coinsurance, eye exams, glasses, contacts, dental services, prescription drugs, and qualified long term care insurance premiums. Withdrawals for other purposes are taxable and, for individuals who are not disabled or over age 65, subject to a 20% penalty.

Contributions may be made by the individual, his or her employer, or both.

Please note: HSA deductible and coinsurance maximums may be increased annually to conform with cost of living adjustments permitted by Section 223 of the Internal Revenue Code and subsequent amendments.

Keep Track of Your Health Care Quick, Easy and When You Need It

Personalized for You

Make sense of your medical bills and health care spending – all in one place.

- Track your health care spending
- Access your mobile ID card or order printed cards
- View a summary of your claims activity
- Find a doctor close to work or home
- Get in touch with us

Put myblue at Your Fingertips!

- 1 Go to mynebraskablue.com
- 2 Select “Sign Up”
- 3 Complete the four easy steps

You will need your member ID number found on your BCBSNE member ID card.

If you have questions about myblue, just call the number on the back of your member ID card.

Learn what myblue has to offer:

Log in to myblue and find tools to help answer important health care questions. All of these tools are under the Tools & Resources tab:

Know Before You Go

In the What’s it Cost section, you can estimate medical costs before you receive care. Here you can find cost information for many common health care services, and compare costs of doctors and hospitals.

Review Your Doctor

In the Find a Doctor or Hospital section, you can write a review of your health care experience and read reviews written by others.

MyPrime®

Blue Cross and Blue Shield of Nebraska contracts with Prime Therapeutics® to provide group pharmacy benefits. You may view information about your pharmacy benefits by going to My Pharmacy. You will be directed to MyPrime. This website is loaded with interactive tools to help you manage your prescription drugs.

With MyPrime, you can find:

- your prescription benefits
- your drug claim history
- prescription drug list (also known as a formulary)
- a pharmacy locator
- a drug cost calculator
- a comparison of brand name and generic drug costs

Telehealth

An Innovative Way to Access Health Care 24/7/365!

Blue Cross and Blue Shield of Nebraska believes in the importance of providing options to help you access affordable and immediate health care. That is why we are delighted to offer telehealth services to our members.*

How does telehealth work?

Telehealth is an innovative patient consultation service that lets you connect with a U.S. board certified, licensed and credentialed doctor quickly and easily using your computer, tablet or phone. It's easy to use, affordable, private and secure.

Rather than having to schedule a doctor's appointment and travel to and from the doctor's office, telehealth lets you interact with a doctor at your convenience for common conditions, such as:

- > sinus infection
- > cold
- > flu
- > fever
- > rash
- > abdominal pain
- > pinkeye
- > ear infection
- > migraine
- > sore throat

Who provides telehealth services?

Blue Cross and Blue Shield of Nebraska provides telehealth services through American Well®, also known as Amwell, the industry's leader in telehealth solutions. With Amwell, you can register for free, and the cost per visit is less than the cost of an in-person doctor office visit.

Amwell offers:

- A choice of trusted, U.S. board-certified doctors
- Access to a licensed physician via computer, tablet or phone
- Consultation and diagnosis for common conditions, including e-prescriptions to your pharmacy of choice (when appropriate and where allowed**)

You never know when you may need a doctor.

Amwell can be used any time, day or night. It's perfect when your doctor's office is closed, you're too sick or busy to see someone in person, or even when you're traveling.

Identity Protection Services

Blue Cross and Blue Shield of Nebraska has teamed with AllClear ID to offer all eligible BCBSNE members access to AllClear Secure identity repair and the option to enroll in AllClear Pro credit monitoring.*

How Identity Repair Works

If you experience identity theft, a dedicated investigator from AllClear ID will act as your guide and advocate from start to finish by initiating the dispute process, and ensuring that your identity returns to its pre-fraud state.

Enhance Your Protection with Credit Monitoring

With AllClear Pro credit monitoring service, you can have additional layers of protection that specifically monitor new credit accounts opened in your name. If this happens, AllClear ID sends alerts to you so you stay informed of your credit activity.

You and your eligible family members may enroll in AllClear Pro – at no additional cost to you. (While AllClear Secure is automatic protection, you must enroll in credit monitoring because you will need to provide AllClear ID with personal information such as your Social Security number.)

* Check with your employer to find out if your group offers this service.

** Telehealth is available in most states, but some states do not allow telehealth consults or telehealth prescriptions. For more information, visit: info.americanwell.com/where-can-i-see-a-doctor-online. American Well is an independent company that provides telehealth services for Blue Cross and Blue Shield of Nebraska.

AllClear ID provides identity protection services for eligible Blue Cross and Blue Shield of Nebraska health plan members. AllClear ID is an independent company and is responsible for its services.

Health and Wellness Resources

A healthier you. Little things can make a big difference.

The lifestyle decisions we make regarding nutrition, weight, exercise, smoking, seatbelt use, and more directly impact our health care costs. Blue Cross and Blue Shield of Nebraska offers resources to help you make positive lifestyle changes.

In conjunction with the *Omaha World-Herald* newspaper, our health care and healthy living information site provides comprehensive, reliable health information specifically for Nebraskans.

To learn more, visit www.livewellnebraska.com.

Our wellness and lifestyle management website offers:

- Educational health and wellness information
- Lifestyle management guides
- Personal health assessment tools

To check out all the valuable health and wellness resources available to you, go to www.bluehealthadvantage.com.
